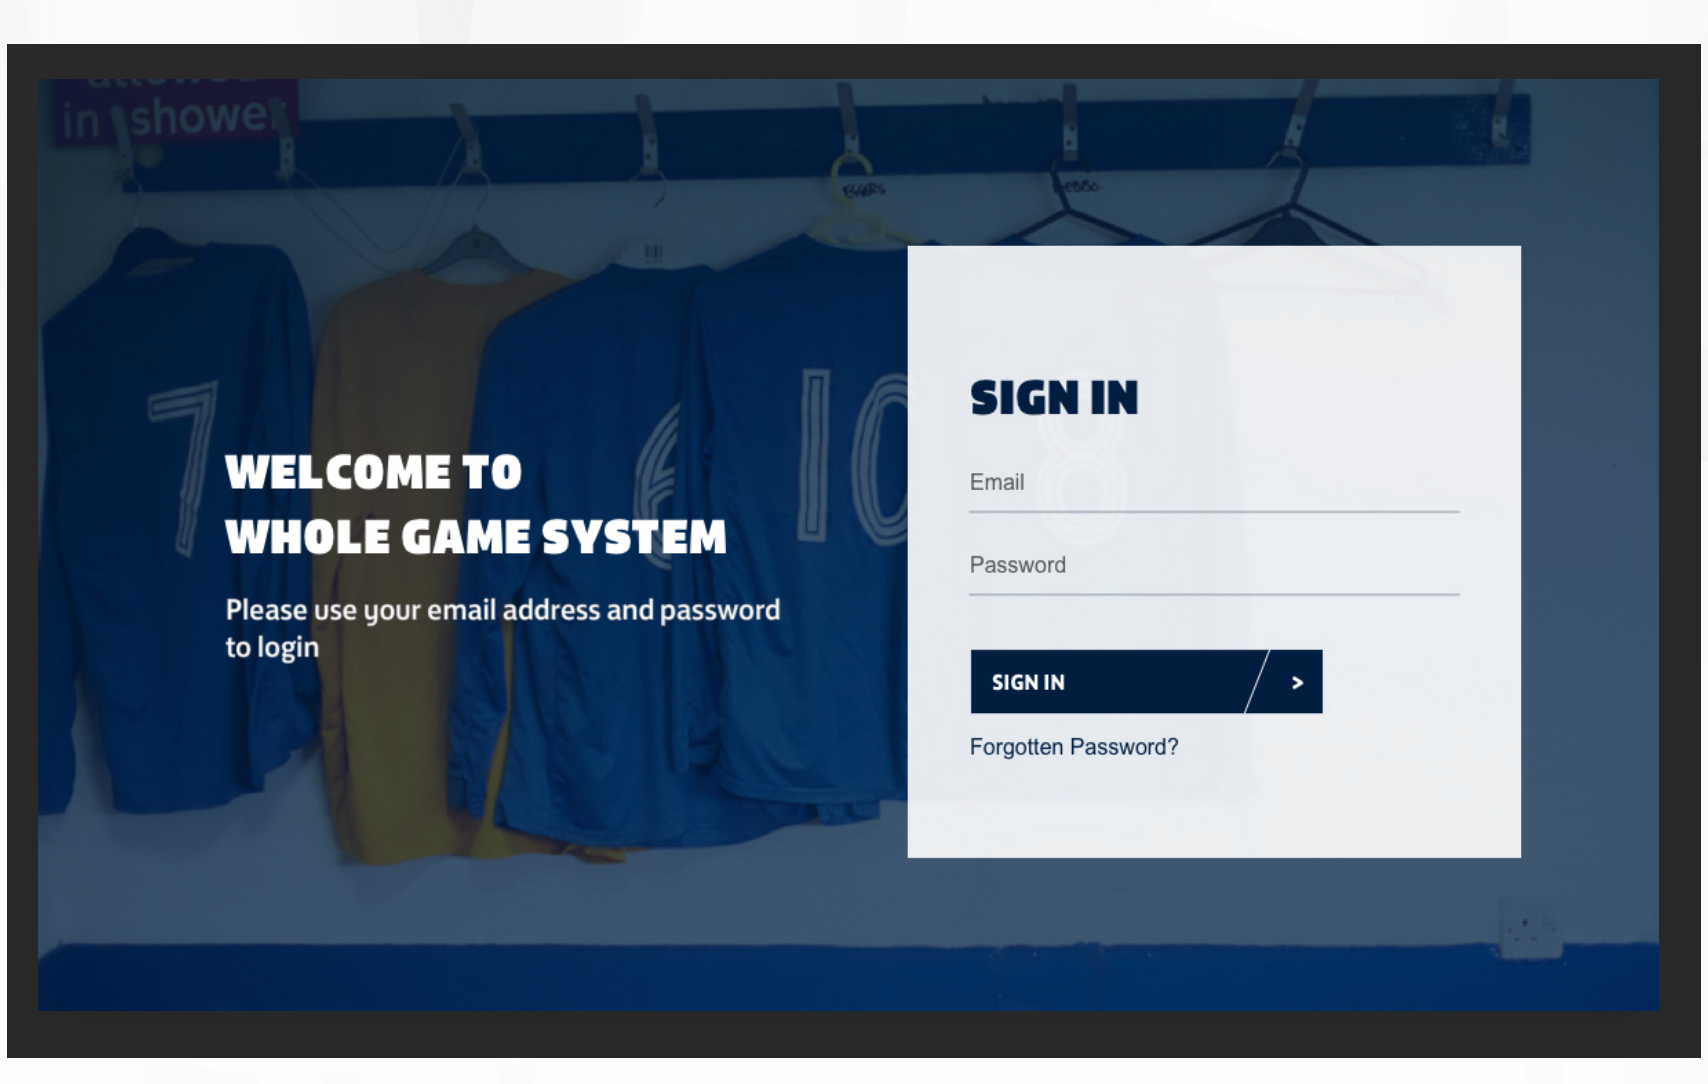
Referee Registration Overview:



WELCOME TO WHOLE GAME SYSTEM

Please use your email address and password to login

Note:

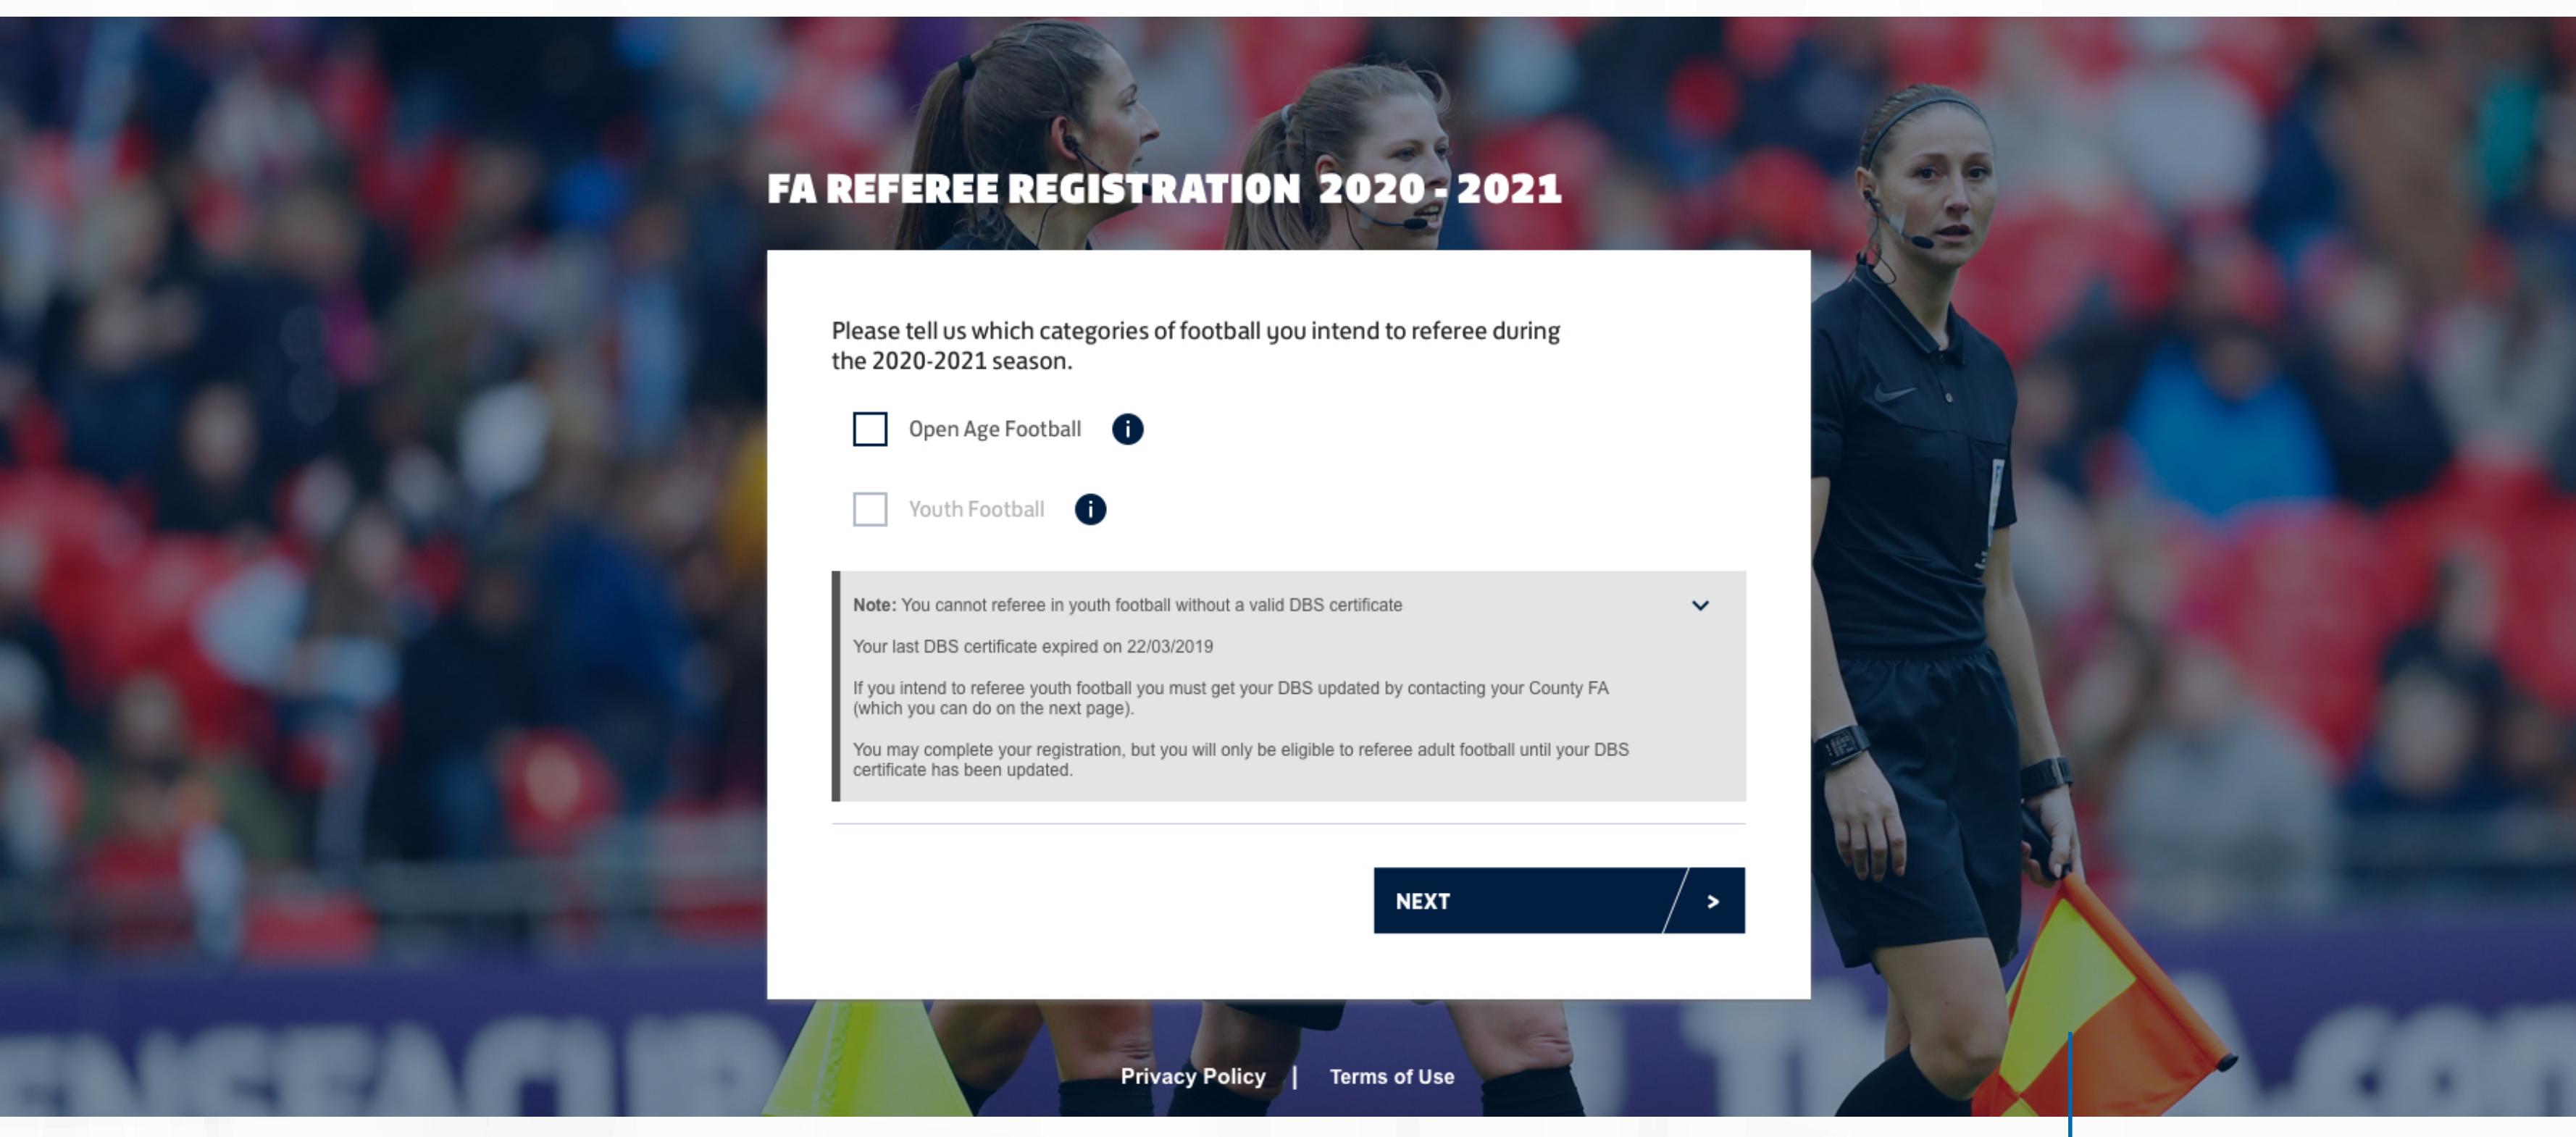
Referees will begin their registration journey in the same place as always i.e. by clicking the registration links on the **Referee Dashboard in Whole Game System**.

Additionally, referees will only be able to login with their registered email address and will NOT be able to login with their FAN number.

Any referee with a duplicate email address will not be able to login here. A duplicate email is commonly where the parent/carer has the same email address as their child. All referees need a unique email address.

Going forward, all referees will need to have their own email address to login (if they haven't already).

Furthermore, under 16's will need to be linked to a parent/guardian account that has its own unique email.



FA REFEREE REGISTRATION 2020 - 2021

Please tell us which categories of football you intend to referee during the 2020-2021 season.

☐ Open Age Football

☐ Youth Football

Note: You cannot referee in youth football without a valid DBS certificate

Your last DBS certificate expired on 22/03/2019

If you intend to referee youth football you must get your DBS updated by contacting your County FA (which you can do on the next page).

You may complete your registration, but you will only be eligible to referee adult football until your DBS certificate has been updated.

Note:

Once signed in, the first screen asks the referee to specify which age group(s) they intend to referee in the season ahead.

Referee's aged 16 and over must have a valid DBS (previously CRC) in order to be eligible to select the Youth Football option.

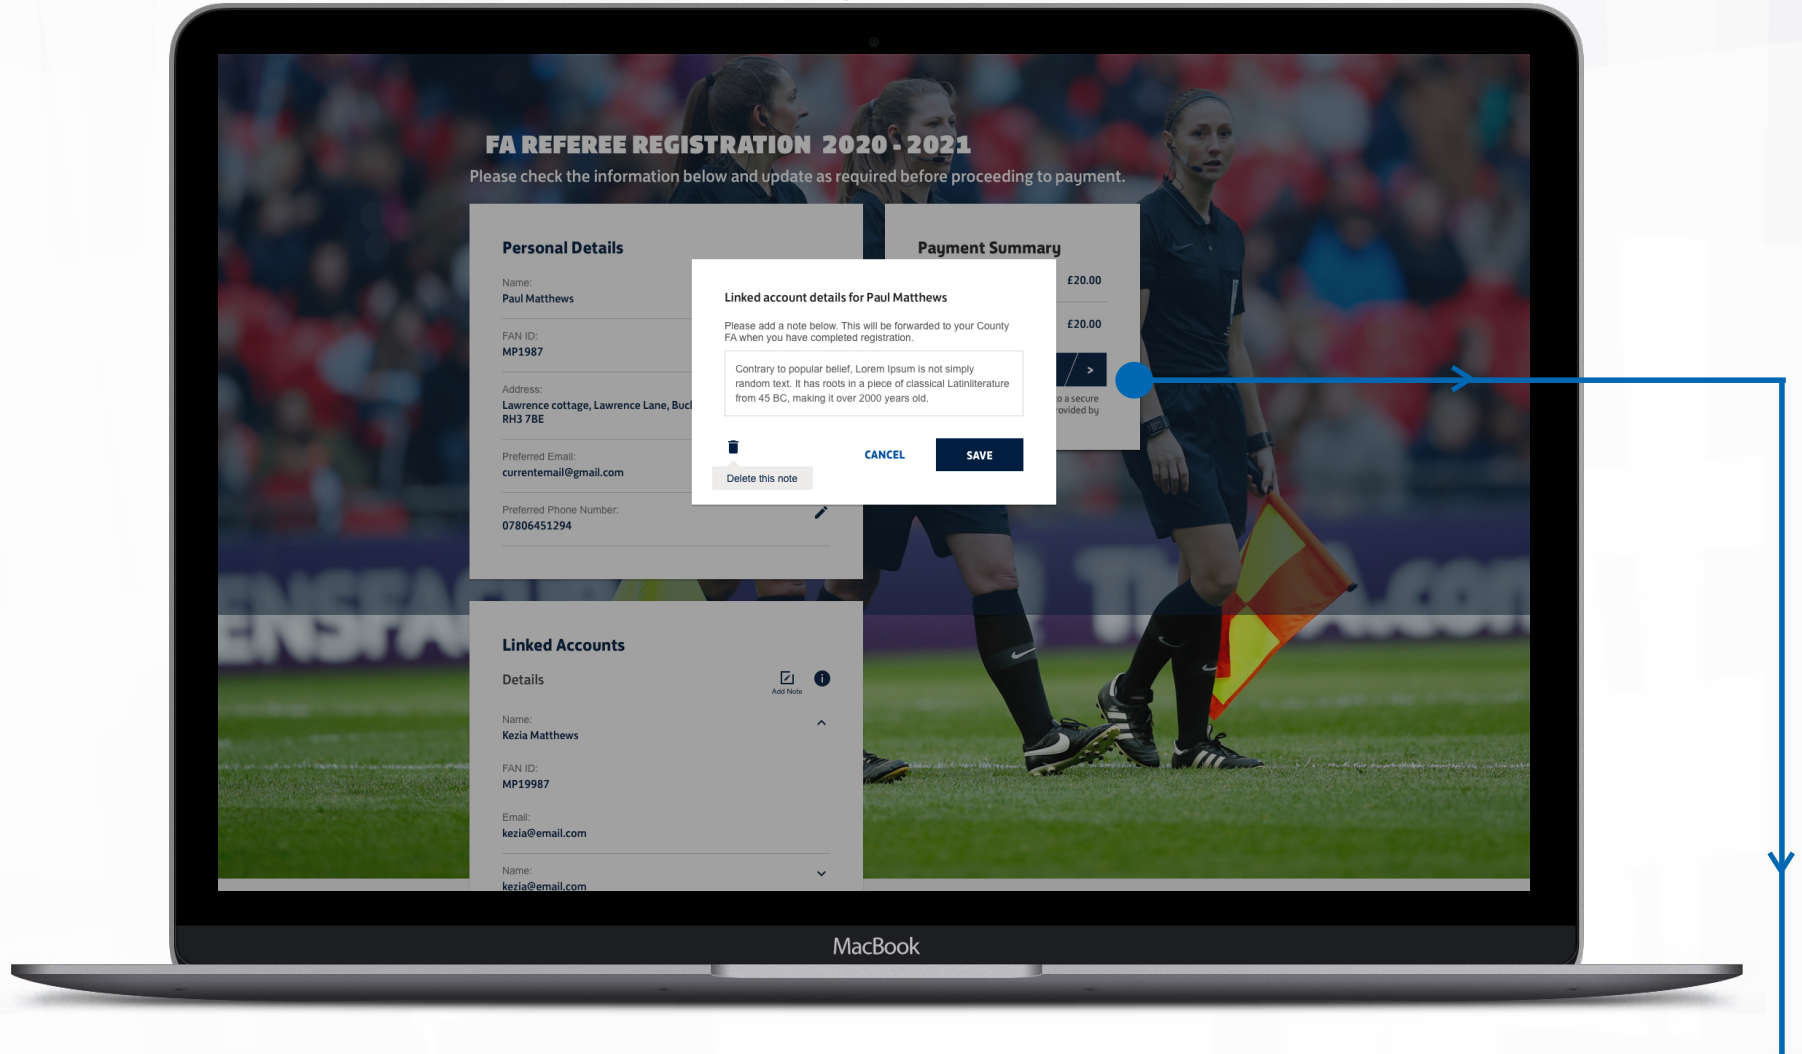
Note:

In the next stage of registration, the referee will be asked to check the information we have on record for them. If everything looks OK, they can simply proceed to the next stage.

If the referee's email address, home address or telephone numbers are incorrect, it will be possible to update this information immediately. Any changes made to this information during registration will be reflected back in their Whole Game System account .



Linked account details for Paul Matthews

Please add a note below. This will be forwarded to your County FA when you have completed registration.

Contrary to popular belief, Lorem Ipsum is not simply random text. It has roots in a piece of classical Latinliterature from 45 BC, making it over 2000 years old.

Note:

If any other information on the page is incorrect, the referee won't be able to edit it directly as this information is managed by their County FA. Examples of County FA managed data include DBS, Safeguarding and Referee Level information.

If the referee notices a discrepancy in the data, they will be able to add a note to their registration. Any notes added will be forwarded to the County FA by email once the registration process has been completed. See the bottom of this document for an example of the email that will be received by the County FA.

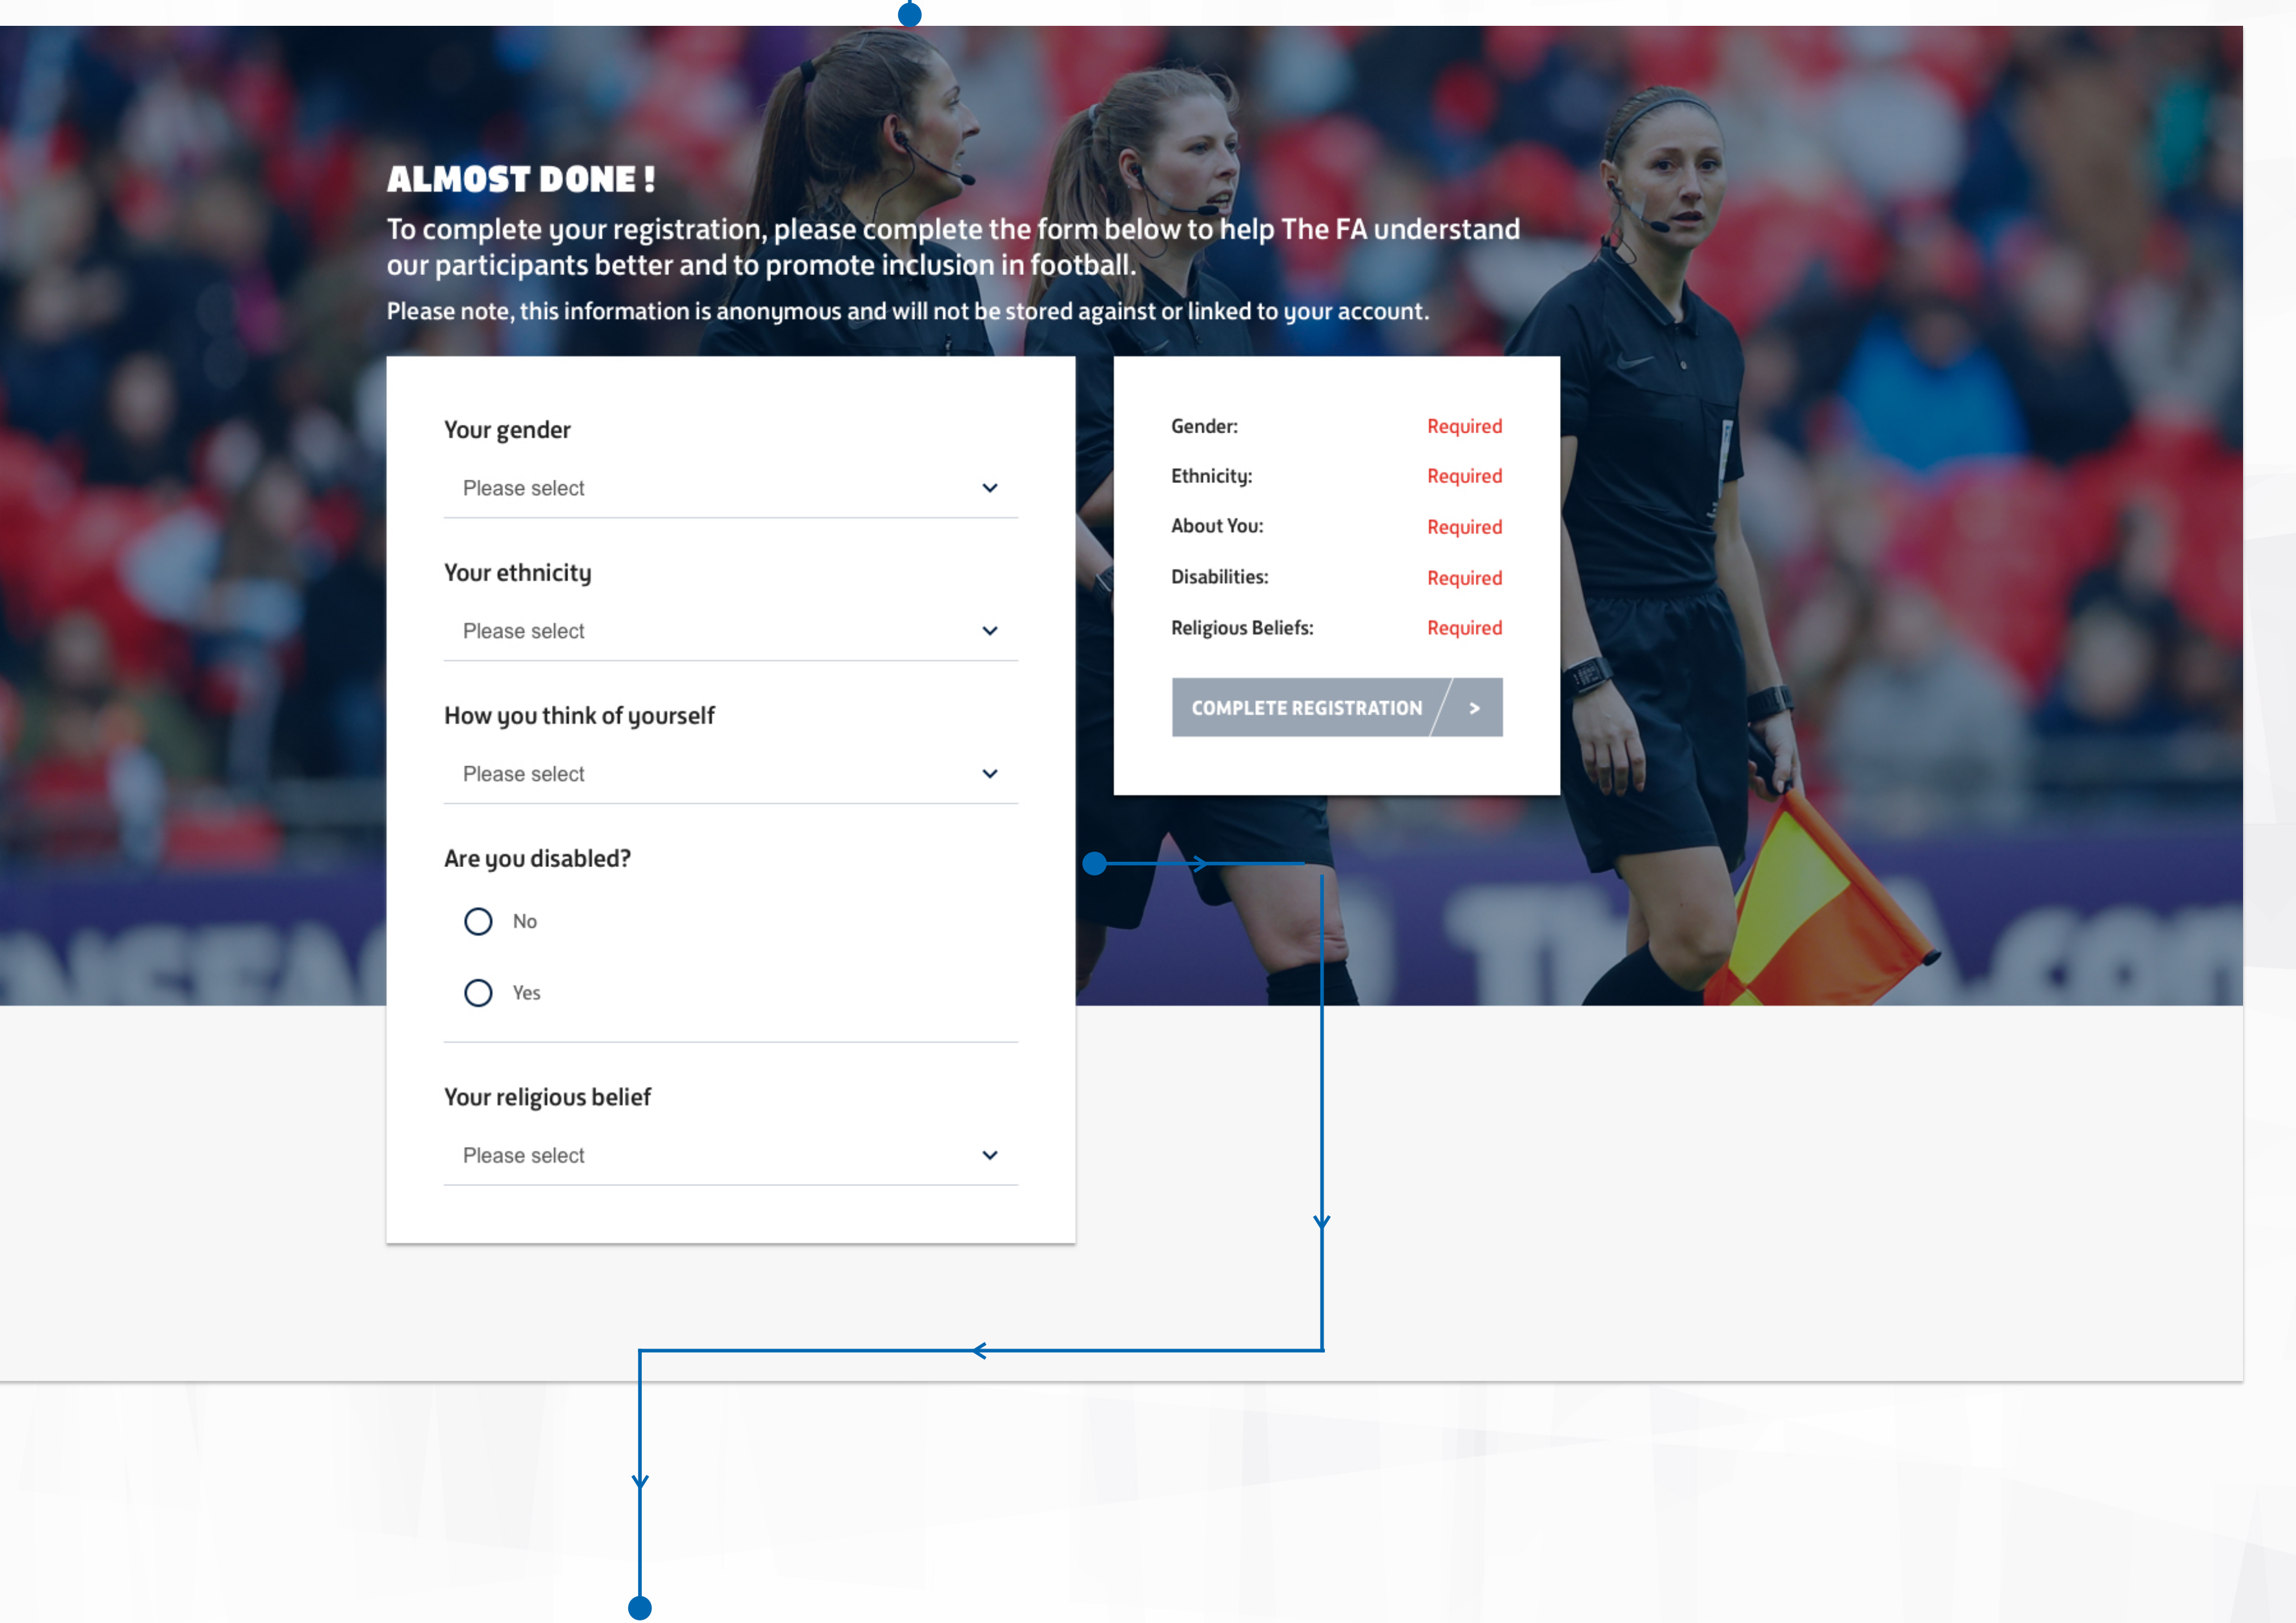
barclaycard SmartPay

Note:

Once all details have been checked, the referee will be forwarded to a secure third party payment service provided by Barclaycard Smartpay.

Note:

The final stage of the process requires the referee to provide their diversity and inclusion information. There are 5 simple questions to answer, and the referee has the option to 'Prefer not to say' for all questions.



ALMOST DONE !

To complete your registration, please complete the form below to help The FA understand our participants better and to promote inclusion in football.

Welcome Back Farai

The Football Association (The FA) would like to welcome you back to the refereeing community for the 2019/20 season. We are delighted you will be back out again in the new season.

Your effort, commitment and service over the past 12 months is extremely valued and we hope the upcoming season is an even better one. Whether this is your first full season or you have been refereeing for a number of years, The FA and County FAs are here to support you.

Below is some important information ahead of the new season:

OPPORTUNITIES IN REFEREEING

There are numerous opportunities for every referee; whether it is attempting promotion to the next level, trying your hand at being a Referee Developer or attending an FA or County FA training event. Keep in touch with your County FA who will alert you as and when these opportunities arise.

LAWS OF THE GAME

As you may be aware, there are a number of Law changes that have come into effect for the 2019/20 season. You will have seen these amended Laws in action at the FIFA Women's World Cup.

Keep an eye out on TheFA.com, County FA websites and social media for videos and summary sheets explaining the law changes.

TEMPORARY DISMISSALS (SIN BINS)

The use of Temporary Dismissals – more commonly known as 'sin bins' – will become mandatory for all leagues at Step 5 of the National League System and below in the men's game and Tier 3 and below in the women's game, from the start of the 2019/20 season.

Over the coming weeks, if not already, your County FA will invite you to attend a Temporary Dismissal workshop. In addition to the face to face workshop, The FA has developed an online training platform that will assist you with your understanding of Temporary Dismissals and in particular the match day process.

Good luck in the coming season, we hope you enjoy your refereeing and are pleased to have you as part of the refereeing community once again.

Note:

Once the referee has completed their registration, they will be sent a welcome email with important information about the upcoming season.
