

Recruiting experienced players for the 18/19 season

South Bank Cuaco FC are one of the oldest and best run amateur football clubs in London. We have been established for over 20 years and currently run 7 teams in the Southern Amateur League (AFA affiliated).

We are recruiting players for the 2018/19 season, in particular for our 1st and reserve teams who compete at a very strong standard.

About us

- Our home ground is Dulwich Sports Ground on Turney Road in Dulwich. Most of our players are from surrounding areas in South London (Brixton, Clapham, Balham etc)
- We have 7 teams - We are trying to recruit strong players in to our top teams so are interested in hearing from players who have competed at high levels previously
- Fixtures are every Saturday at 2pm, we play home and away against other teams in the SAL
- We train twice a week during pre-season, and once a week during the regular season. From September – March we train on world class 3G facilities at the Crystal Palace National Sports Centre
- We have a famously strong great scene. Our clubhouse is always booming, where everybody drinks together after games. We have regular socials and do one european tour every year, the past few years have seen us take 25+ players to Budapest, Prague, Hamburg and Barcelona. We are an open club and believe that everybody from the 1st team to the 7th team should socialise together as one club.

If this sounds like your type of club, please see the below information to get involved

-

- The best way to join is come down to pre-season training, which is free all summer. We train on Mondays and Thursdays throughout the summer, and then move to Wednesday nights at Crystal Palace in September
- We have pre-season friendlies lined up for every weekend during the summer, and are welcoming trialists in games
- For full details, please contact Liam on 07788377738 or liamcoughlan7@gmail.com
- If you have any questions please send them through, and we look forward to seeing you at our great club soon
