

## **BENEVOLENT FUND**

### **Dear Sussex County FA affiliated Football Clubs,**

The Trustees of the Sussex County FA Benevolent Fund wish to remind all member clubs affiliated to the Sussex County FA of the benefits that can be gained by associating themselves with the above scheme.

The stated aims are to assist players and officials who have suffered a football-related injury and, as a result, find themselves in financial hardship. Over the last year grants of several thousand pounds have been made for many deserving individual cases.

The Fund is financed solely by contributions from Clubs, Associations, Leagues and Competitions affiliated to the Sussex County FA and by players, officials, referees and other benefactors.

Clubs are reminded that they share a responsibility for their players and can easily contribute to the Fund when completing their affiliation application on Whole Game System.

Therefore they importantly need and rely on your financial support in being able to continue and maintain their mission in supporting your players and officials.

Please find a link to the Benevolent Fund on the Sussex County FA website. It contains rules and important information, and gives details of what is available if your club were to donate to the fund.

Please note: Clubs who do not donate to the fund, are no longer permitted to seek assistance from the fund.

Yours faithfully,

**Sussex County FA Benevolent Fund**
