we have three spaces up  
for grabs - closing date is

## 1 DIRECTOR VACANCIES

We are recruiting Non-Executive Directors to support the business affairs of the Association and help determine the vision and strategy, plans, policies, and financial investment required to achieve our aims.

Non-executive directors are voting members of the Board. You won't engage in the day-to-day management of the organisation, rather you act as an independent advisor and are involved in policymaking and strategic decision making. Your responsibilities include monitoring executive directors (i.e. the CEO) and acting in the interest of stakeholders.
