**THE FA COACH EDUCATION RECOGNITION OF PRIOR LEARNING (RPL) PROCESS**

*Helping to ensure that learning, development and progression via the new FA Coach Education Pathway is simple to understand and accessible for learners.*

**What is the rationale for this document?**

With the introduction of the new FA Coach Education Pathway, The FA Level 1 and Level 2 qualifications in Coaching Football have been reviewed. The new (post 1 August 2016) version of The FA Level 2 in Coaching Football now incorporates much of the existing (pre 1 August 2016) FA Level 2 in Coaching Football content, as well as what was previously known as The FA Youth Module 1 and FA Youth Module 2 courses.

As a result, there will be a number of coaches who may have taken the existing FA Level 1 in Coaching Football qualification, and/or The FA Level 2 in Coaching Football qualifications, as well as one or more of The FA Youth Module courses. Learner’s may wish to progress their formal coaching journey, but will need clarification on what the next steps through the pathway are before they are eligible to access the new (post 1 August 2017) FA Level 3 (UEFA B) in Coaching Football qualification.

**Why implement this RPL process?**

By following the simple processes detailed overleaf, learners/County FAs can easily identify the appropriate course of learning and assessment for themselves/the learner, and navigate The FA’s Coach Education Pathway in order to seek further learning and development opportunities. This will support The FA’s ambition of encouraging lifelong individualised learning.
