

PARC DES PRINCES PITCH PERIMETER

Parc des Princes stadium has one of the biggest pitches in France. It is home to Paris Saint-Germain and will be hosting several of the FIFA Women's World Cup 2019 matches!

The area is the space inside the football pitch where the game is played! Imagine you are walking around the edge of the pitch; this is known as the perimeter.

Area = The amount of space taken up by a 2D shape (Length x width)

Perimeter = The distance around the edge of a 2D shape (Length + width x2)

- 1) Using a calculator, work out the area of the Parc des Princes football pitch _____ M²
- 2) What is the perimeter? _____ M
