<b>A brief description of the club</b>
<p>The Old Salesians Football Club, historically one of the most successful amateur clubs in the London region, was founded in 1923. Its origins lie in our belief that the Salesian experience is a lifetime one, and that our mission is to work with and support the young. The football club is the most active branch of main Old Salesians Association and has achieved FA Accreditation.</p> <p>The Southern Amateur League in which we play can justifiably lay claim to be one of the top amateur leagues in the country, its representative side having won the National Championship 8 seasons ago, before going on to represent England in a European competition which was played in Italy. We are immensely proud of the fact that no fewer than six of our players were selected for that squad. In 2012, two of our players also represented the AFA in a prestige fixture against the Belarus Olympic XI. We have also had a former England schoolboy, Paul Patey, among our ranks, and players Byron Harrison and Anthony McNamee went on to make their living in the professional game.</p> <p>We look forward to welcoming new players and members to the club who are keen to be part of one of our teams and or training.</p>
