A brief description of the club
Established in 1883, Crouch End Vampires is one of the oldest clubs in London and has a long and rich history as one of the founder members of the Southern Amateur League, where we still play to this day. We have playing opportunities across all levels, a lively and sociable bar, running club and a regular summer 5 a side tournament. Send us a message via the contact details below or request more information on our website to join the Vampires family!
