### How the board works – board meetings

#### What we do well:-

- Board meetings are well planned with clear agendas to ensure that discussions focus on critical board business
- Board meetings are frequent enough and long enough to ensure effective governance
- Written reports are provided in advance of board meetings to enable directors to prepare in advance
- Board members are open minded and willing to listen to others and change their views if necessary
- Our board meetings are generally enjoyable and engaging

### What can we improve:-

- We sometimes spend time in meetings on minor decisions that are really best left to the CEO and the paid staff of the County
   FA
- Our board meetings are often too predictable

- Finalise scheme of delegation between the board and executive roles and responsibilities.
- Clearly define responsibilities of all board members to ensure areas of expertise covering all agenda items with responsibility, ensuring linked into the strategy not day operations
- Ensure that the board meetings are 'strategic' and cover the business reporting against the strategy and diversify the agenda based on business needs

### My own contribution as a director

### What we do well:-

- I am aware of my role and responsibilities as a CFA board member
- I can clearly explain the difference between my role as a Board Director and that of the CEO and the leadership team
- I make time to read reports and other materials in advance of our board meetings
- I am confident that my skills are valuable to helping the County achieve its strategic vision and priorities

### What can we improve:-

- I frequently encourage other board members to express their opinions at board meetings
- I find the increased responsibilities of being a Director challenging and increasingly more time consuming than in the past
- I have a plan to retire from the board at a certain point in time that is known to other board members

- Create a more open Board culture where people feel comfortable to share their views, there needs to be clear space and time for this to be enabled
- Ensure that Board Meetings and associated work by Board Members are concise and time well spent this needs to be outlined in the roles and responsibilities section in the handbook and new application process

### Feedback to the Chair of the board

### What we do well:-

- The chair is well prepared for meetings
- The Chair acts as a critical friend to the CEO
- The chair is regularly involved in the day to day management of the CFA
- The chair helps the board work well together
- The board has full confidence in the chair

### What can we improve:-

- The chair ensures the board commit meeting time appropriately to focus on the most important matters on the agenda
- The chair is skilled at managing different points of view
- The chair demonstrates good listening skills
- The chair is effective in delegating responsibility amongst board members

- Review the board agenda in line with new strategic objectives and ensure board meetings are streamlined
- Ensure there is appropriate opportunity for debate amongst board members, where all points of view are heard
