As a self-funded
charity we rely heavily on
the fundraising events that we
plan and run throughout the year in
collaboration with our supporters
and corporate partners. The slow
realisation that our fundraising year
was to be non-existent was a difficult
and worrying time for us all.
Which is why we are delighted to
have events back and to
be fundraising face to face
once again!

We are now
expanding our
Bereavement team to
allow Once Upon a Smile
to be able to support
more bereaved children
at their time of
need!

We were
delighted to hold
our first event in two
years at our Christmas
Party on the
18th December, we
raised an incredible
£17,000!
