The 'All Teams' dropdown list will bring up the teams within the club. Select the correct team from the dropdown list. The user can select if the team is Home or Away for the fixture.

The screenshot shows a web interface for creating a match. On the left is a vertical sidebar with icons for Dashboard, Details, Affiliation (2016-2017), Safeguarding, Player Registration, and Data Cleansing. The main content area is titled '2016 - 2017 season' and includes a '+ New Match' button in the top right. The 'MATCH DATE' is set to '14/03/2017'. There are radio buttons for 'Home Team' and 'Away Team', with 'Away Team' selected. A dropdown menu for the home team is open, showing 'Polkey Ranger U8' as the selected option, with 'All Teams' and 'No League' as other options. Below this is a 'Select Team' dropdown. To the right, there are radio buttons for 'League Competition' and 'Other Matches'. At the bottom right are 'Cancel' and 'Create' buttons. A breadcrumb trail at the bottom reads '2016 - 2017 > All Teams > All Matches'.

When the team information has been inputted, the user will then need to confirm the type of fixture, before then selecting the opposition team from the dropdown menu.

This screenshot shows the same match creation form, but with the 'League Competition' radio button selected. The 'Select Team' dropdown menu is open, displaying a list of teams: '2 Med Regt 2 Med Regt AMS 6's', '2 Med Regt 2 Med Regt RLC 6's', '2DALES JUNIOR FOOTBALL CLUB U10', '2nd Chance Football Club Veterans Shep', '35 Engineer Regiment First', and '3D Dynamos U7'. An arrow points from the 'Create' button to the '2DALES JUNIOR FOOTBALL CLUB U10' option in the dropdown list. The 'Cancel' and 'Create' buttons are visible at the bottom right.

When this information has been inputted, select the 'Create' button and the match will then be added to the Matches Tab list.
