

Whole Game System Club Player Tab

The Club Players Tab will bring up a list of players currently associated to your club.

They may be associated to your club because of the following reasons:

- Contracted Player
- Club Association for a Non-Contract Player
- Discipline Received

Cheshire Test Club Players List

This area shows information of all Players Associated to the Club and the manner in which they are associated. This could either be:

A. Contract Player
B. Club Association - Entered by club for a non contract player
C. Discipline - associated only by means of a discipline case

It will give details of current players and historic information. Clubs have the ability to amend personal information, but not the contract details. It is important for the smooth operation of the disciplinary process that Clubs maintain these records to a high standard.
