

LONG TERM DEVELOPMENT CENTRES

After reviewing the Girls Football Pathway, Cornwall FA is proudly working in partnership with Plymouth Argyle to launch some new Long Term Player Development Centres as an additional training opportunity for female players.

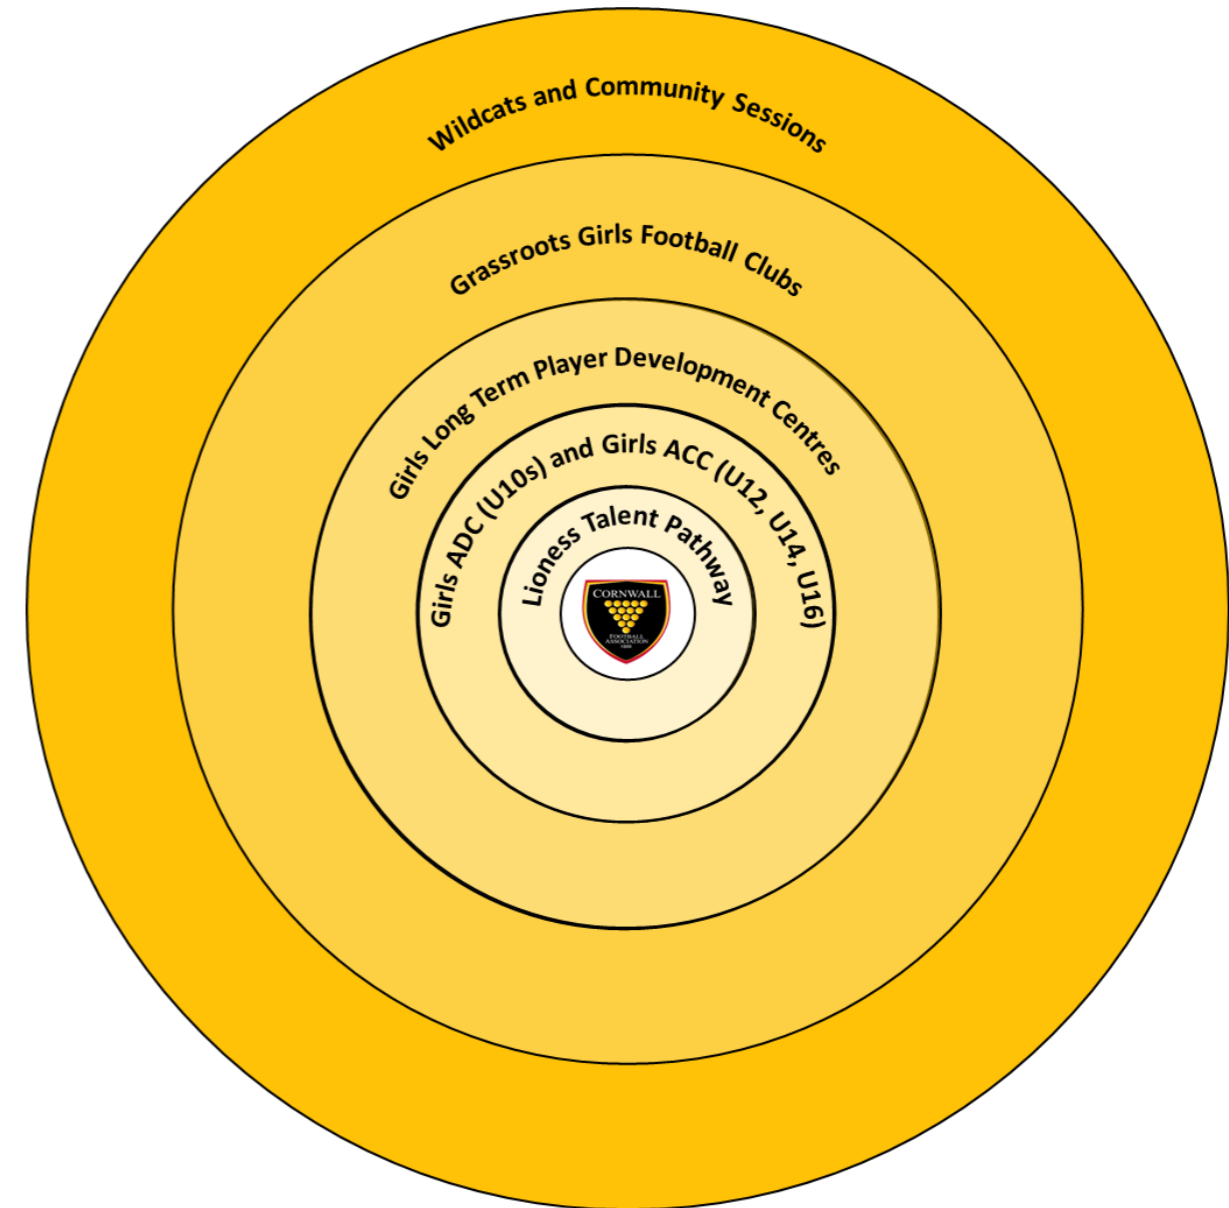

The new centres are designed to support player development alongside their current grassroots football. Cornwall FA's priority is to always support grassroots clubs; however we are aware that some players want additional training opportunities alongside their current football activity. This joined-up approach should fill that gap and help to grow girls' football across the county. Cornwall FA would like to emphasise that these centres are designed to complement current grassroots provisions and in no way detriment the fantastic work of our affiliated clubs. Any new players arriving in these centres, without a club, will be directed towards a local grassroots club.

Please note: girls that currently train with the Advanced Development Centre and Advanced Coaching Centre are not expected to attend these sessions.

The poster below contains the pathway structure as well as the details for the new Long Term Player Development Centres, which have been created to provide girls with additional training opportunities. **Dates, times, venues and contact details for all centres can also be viewed below.**

Cornwall FA Girls Football Player Pathway	
Lioness Talent Pathway	In collaboration with England Youth Teams, the Lioness Talent Pathway seeks to identify and develop our most talented young players in the U14 to U17 age groups.
Girls Advanced Coaching Centre (ACC)	This centre provides talented footballers (U12, U14, U16) with the opportunity to develop skills and tactical knowledge in a structured and competitive environment, alongside their grassroots football. This is the highest level of girls football in Cornwall. Fixtures and festivals will also be included where the players represent the county against other Advanced Coaching Centres.
Girls Advanced Development Centre (ADC)	This centre provides talented footballers (U10) with the opportunity to develop skills and tactical knowledge in a structured and competitive environment, alongside their grassroots football. Fixtures will also be included when possible to allow players to compete in a match environment.
Girls Long Term Player Development Centres (LTPD)	The LTPD sessions provides an additional playing opportunity for girls, alongside their grassroots football. Sessions will follow a training syllabus designed to stretch and challenge players.
Grass Roots Girls Football Clubs	This football provision provides opportunities for girls with an opportunity to develop skills in a relaxed, enjoyable and friendly environment. Teams will have the opportunity to gain match experience in through the Cornwall Girls Football League.
Wildcats and Community Sessions	Wildcats football centres offer girls aged 5-11 a chance to try football for the first time and provide regular opportunities to play. Sessions are focused on helping girls make friends, have fun and be active through football.
