

## DEVON FOOTBALL ASSOCIATION

### WHAT IS FIND FOOTBALL?

Find Football is a new toolkit available on the Whole Game System to give clubs the opportunity to publish their club details to the Find Football database.

This information will then be displayed when individuals use the 'Find Football' functionality to search for local football

This is a proven, effective way for new players to access local football opportunities, and for existing players to remain engaged with the game we love and enjoy, regardless of age, ability or location

### HOW TO OPT INTO FIND FOOTBALL?

1. Log into the whole game system ([www.wholegame.thefa.com](http://www.wholegame.thefa.com))
2. Click your Club Tab at the top of the page
3. Once the page loads click "Player Registration" on the left-hand side
4. After the page loads on the left-hand you need to click "My Club"
5. Once in my club it will give you two tabs at the top. You will need "Organisation Profile" if you scroll down halfway down the page you will get the following statement:
6. *Make Organisation details public. The Club agrees that our Club Contact details will be displayed publicly on the FA Find Football search engine*
7. **This Box needs to be TICKED to consent for your club to appear in searches on "Find Football"**

This will enable players looking for clubs to contact the club secretary to hopefully get involved with your club.

If you require any assistance, please email [accreditation@devonfa.com](mailto:accreditation@devonfa.com) or for more information on "Find Football" please visit <https://find.Englandfootball.com/>
