FOOTBALL CELEBRATING DIVERSITY

Plymouth Argyle FC is teaming up with the Devon County Football Association and the Argyle Community Trust to host a celebratory evening in recognition of Black History Month. Come and find out more about opportunities and diversity in football coaching, volunteering, education and careers in sport.

Taking place at Home Park on Tuesday October 30 from 6pm BST, the three-hour event will bring together the local community, guest speakers and former players to recognise the multi-cultural and diverse football history.

Those in attendance will be provided with an update on the BAME inclusion initiatives that are currently being run on both a local and national level, in addition to a further update on the changes that have been made to The FA's coaching pathway.

The FREE ticketed event includes entry to workshop celebrating Black History Month, match ticket and buffet.
