HOW TO ACCESS THE FA 'SAFEGUARDING ADULTS' ONLINE COURSE

We've put this guide together to make it as easy as possible to log-in, find, access and complete the course on our FA learning management system (LMS).

We recommend using either a laptop or desktop computer running Google Chrome. These provide the best compatibility with the LMS and so offer the best online experience. Follow the steps below to access the course.

Once you've accessed the course you'll need to complete it to receive your completion confirmation.

If you have difficulty accessing or completing the course email our support team Education@TheFA.com.

WHO CAN USE THIS NEW ONLINE COURSE?

We believe people from all backgrounds should be able to enjoy taking part in football, and everyone should be treated with respect and fairness.

This course brings to life The FA's 'Safeguarding Adults' policy and describes how it can be implemented in adult open-age disability football.

This course is for anyone who works in or volunteers in adult open-age disability football. That includes coaches, managers, Welfare Officers as well as club officials. Players and carers/ personal assistants are welcome to complete the course so they are familiar with football's safeguarding strategies. But please be aware the course may not be suitable for everyone as it contains some powerful messages about abuse and the need to safeguard.
