Manager's Notes

Hunts Grove FC are in their first season in men's football, founded in 2024 with a handful of youth teams and a simple vision: to provide opportunities for more players of all abilities to enjoy football in a positive, community-driven environment.

At the start of the season, with many players new to one another, it naturally took time to build understanding and chemistry on and off the pitch. There were plenty of bright performances early on, but small mistakes often proved costly in tight games. Since the turn of the year, everything has really started to click. The squad has grown together, forming strong connections and a real sense of unity. Players are now working for each other in every moment, and that togetherness is translating into more consistent performances and improved results. It's clear that the hard work, commitment, and team spirit throughout the group are paying off.

Today's County Cup Final appearance represents a remarkable achievement in such a short space of time and reflects the hard work of everyone throughout the season. As Hunts Grove FC continues to grow, the focus remains the same: fostering a love of football, strengthening community spirit, and creating lasting memories for everyone involved.
