A foreword from Gloucestershire FA CEO, David Neale

“Welcome to the Gloucestershire FA Grassroots Football Awards 2021. This year’s awards evening is the first to be held online as we celebrate the fantastic work being delivered by the football community.

As you all know, the past 18 months have been a very challenging period for football and for society. The coronavirus pandemic has presented us with hardships and sadly, some personal losses. Our thoughts are with all those that have been affected during these difficult and unprecedented times.

However, the response from the football community in adapting and overcoming the challenges faced in returning to football has been incredible.

The FA & McDonald’s Grassroots Football Awards is our opportunity to celebrate and thank you all. I would like to congratulate all those nominated, together with the award winners and the countless numbers of grassroots volunteers across our community. Your continued contribution to our game is greatly valued and it is down to you that grassroots football in Gloucestershire has come through the pandemic and will flourish in the season ahead.

Please enjoy the virtual event and I wish you every success in the season ahead.”

FOR ALL

Building society with mutual respect

The FA and McDonald's Grassroots Football Awards are for people who make a positive difference.

It's our way to celebrate the fantastic individuals who put their heart and soul into the grassroots game across Gloucestershire and say a huge thank you to the incredible volunteers who inspire us all.

It is always special to take the opportunity to recognise and reward the fantastic work, time and effort that individuals put into the grassroots game, week in week out.

This season all of our Grassroots volunteers have adapted to the ever changing Coronavirus pandemic. You have responded quickly to make football happen when you could. And when you couldn't play you kept players and the wider community connected off the pitch.

You showed the true power of football, stuck together, helped each other across teams, across clubs and showed what the football community could do when faced with uncertainty and an unparalleled situation.
