Travelling to away games and having trips away from home should be both safe and fun for children (which includes all those aged under 18). It should be a chance for all children to grow in confidence, self-esteem, and skills. The following guidelines have been developed to help you organise trips and travel and ensure that appropriate safeguards are in place.

3. FA Enhanced CRB Checks

The FA takes the welfare of children seriously and checks are required to ensure that those who work or volunteer with children are suitable to do so.

[Click here to visit The FA CRB information page](#)

Who needs to have a check?

Those who are working or volunteering directly with children and young people in football need to have an FA Enhanced CRB check. This includes those who are teaching, training, instructing, supervising, giving advice or guidance, treating or caring for children or driving for the Club.

FA CRB checks are predominantly required within U18 youth football. The following people are usually required to have a check: Club Welfare Officers, team managers, coaches, first aiders, referees and regular club drivers.

You do not need a check to run the line occasionally, nor do parents who drive their own child and their friends if this is a personal arrangement between parents. Sometimes Club Chairmen and Secretaries need a check because they also help out at training and matches; however these roles do not automatically require a check if they are simply administrative roles.

How do become a CRB verifier for my Club or League?

As a named Club Welfare Officer you are authorised to verify ID documents. However to verify you must have an accepted FA CRB check linked to your specific club and you will only be authorised to verify for other members of your club.

Where can I get more information on The FA CRB process and how to verify ID documents? You have the following options:

- Speak to your CFA Welfare Officer
- Download [the guidance notes for verifiers](#)
- View [The FA's CRB FAQ](#)
- Contact The FA CRB Unit on 0845 210 8080 or crb@TheFA.com for an application pack

Requesting Access to the Online Safeguarding Service

In order to access the secure area to view the Safeguarding information of your club, you will first need to request access to Members Services. If you already know your FAN and password then go straight to section 3 of [the guide](#).

Step 1: Locate your personal FAN (unique FA Number), your Club ID and latest Club Affiliation number. Your club secretary will have your Club ID and Affiliation Number as this was displayed on the receipt they received from your parent County FA when the club affiliated for the current season. This information can also be provided by your parent County FA/CFA WO.

Step 2: Open any web browser and navigate to your CFA's website. The Online Safeguarding Service is located within the Members' Services area which is accessed via clicking on the 'Members' Services' link at the top right of your CFAs home page.

Once completed, if your role is solely that of welfare officer, there is currently no requirement for you to renew your SCW or WOW. However as expressed within the Code of Conduct for Volunteer Welfare Officers there is an expectation that all welfare officers will access further learning and development opportunities as provided by The FA, CFAs and leagues.

FA learning

County FAs

These sessions often focus on best practice and provide an informal and friendly opportunity to network and develop your practice as a welfare officer. These networking events will be advertised by your CFA or league. For more information about these opportunities please contact your CFA WO.

Leagues

Within the League structure networking opportunities may be delivered by a YLWO. For the CWOs within their league this may consist of sharing best practice or cascading information and guidance provided by The FA or CFA WO.

Respect

There are really useful educational resources on TheFA.com's Respect pages which can be used both as a personal learning opportunity and as an education resource for parents within leagues and clubs. For more information on Respect and to access the online parent guide educational resource visit:

6. The FA Charter Standard & Respect

Your club may be working towards becoming, or already be, a Charter Standard club, or play within a Charter Standard league.

The FA's Charter Standard kite marking scheme recognises clubs who are offering the best opportunities for children and young people.

The FA Charter Standard

Over 5,500 clubs have achieved The FA Charter Standard kite mark, including over 500 advanced level Community Clubs and over 250 leagues.

Any club can apply for The FA Charter Standard status, even a one-team club. The criteria are challenging but are attainable for every club. Once awarded, FA Charter Standard clubs and leagues are given an annual health check to ensure the standards of provision are maintained.

Criteria for achieving the entry level award include having a trained Welfare Officer, FA CRB checks for all volunteers, Emergency Aid-trained volunteers linked to each team, Respect programme sign-up, a Level One coach for each youth team, appropriate club administration in place and a volunteer coordinator. To visit The FA Charter Standard's website go to

www.thefa.com/myfootball/club-leagues

The FA Respect and Safeguarding Children

Creating fun and safe football environments is central to The FA Respect programme. The majority of children and young people have a fantastic experience through football – however some don't.

We need to help coaches and parents understand the effect their behaviour can have and share positive ways to motivate young players.

For more information on how you, as a welfare officer, can promote The FA's Respect programme please go to www.thefa.com/my-football/more/respect
