/ Who We Are

Hampshire Football Association (FA) is the governing body for football in Hampshire, committed to developing the game at all levels.

As an independent, local governing body of football in Hampshire, we are responsible for spearheading the strategic development of the game in the area and providing administrative functions, while ensuring the game is diverse and inclusive.

From club affiliation, ensuring safeguarding compliance and managing local discipline processes, we also have responsibility for developing grassroots pathways, running cup competitions, and sanctioning grassroots football leagues. Additionally, we ensure local coaches, referees and volunteers are supported to meet the needs of the game.

We work towards a four-year strategic plan aimed at providing everyone with the opportunity to participate in football for life. It is our objective to use the power of football to build a better future for all and as with all county FA's, our goal is to work towards achieving the strategic vision that has been set out, nationally by The FA.

ROD GASKIN LTD

Official Supplier of Grounds Machinery

Rod Gaskin Ltd attended the inaugural Hampshire FA Grounds & Maintenance Forum in March 2023.

We are delighted to say, that off the back of the event, we are now working with two of the grassroots football clubs who were in attendance on the day.

MARSH SPORT

Hampshire FA Silver Supporter

Hampshire FA is an incredibly proactive county FA for all things commercial. Marsh Sport (formally Bluefin) have been partnered with Hampshire FA for a number of years and have reaped the benefits of being associated with them – particularly the networking opportunities.

ELLIOTT M

Marsh Sport Development Executive

/ Partner Testimonials

FLEET LINE MARKERS

Official Line Marking Partner

The association offers a varied programme of commercial benefits, namely, the Grounds & Maintenance Forum which has been a welcome addition. We have also been able to track additional sales because of this partnership from local clubs that have become customers of ours.

Bettavend & PTS Compliance

What was required?

The Bettavend offices were due to have their 5-year electrical safety inspection as per the legal requirements. We tried to contact our previous service providers, but they had in fact closed down. After a Google Maps search for local providers, we came across PTS Compliance. Recognising that PTS Compliance were also partners of Hampshire FA, gave us the confidence that they were the right team for the job. The affiliation to the county FA gave us the same confidence a personal recommendation would have.

The outcome

“ *The team that turned up from PTS Compliance were very polite, professional and very efficient. It didn't require any major work on our part and it was minimal interruption throughout. It was great to see a group of people that just got on with it. They all knew what they had to do and they completed everything to a high standard.* **”**

-Ben West, Managing Director at Bettavend

/ Commercial Case Studies

Graham Scambler Photography & Video / Tickbox Promo

What was required?

During a re-brand of my photography company, I required some new clothing with my new logo stitched into them. I had seen adverts at Stoneham Lane Football Complex for Tickbox Promo and as we are both partners of Hampshire FA, I decided to get in touch with them.

The outcome

|| My contact at Tickbox Promo was Dave and he was very helpful with giving me advice on how to make the logo stand out on my new clothing. When the shirts came I was very pleased. They are very good quality. I ended up ordering 5 polo shirts and a black formal shirt. As we were approaching the winter I decided to once again get in touch and asked their advice on a good coat that would keep me warm whilst being pitch-side at a football match on a winter's fixture. I went for a fleece lined jacket where the fleece can be removed when the weather turns warmer. My logo stands out so much that I have had a lot of positive feedback so I've been pointing people in the way of Tickbox Promo. **||**

PTS Compliance & Hampshire FA

What was required?

PTS Compliance recently rectified the lighting in the suite and café area at our Stoneham Lane Football Complex.

Additionally, their engineers installed power for our complex's irrigation pumps in the West Car Park area.

The outcome

PTS Compliance completed what was a longstanding issue with the electrics at the Complex. The team came in and completely sorted everything in the quickest and most efficient of turnarounds. The team were and are always professional and diligent throughout, every time there is an issue to resolve. We are delighted to have a trusted team in PTS Compliance supporting us with such works and would highly recommend them to anyone.

-Pete Hussey, Facility Operations Manager
