**The National Game
Insurance Scheme**

Delivered by The FA's appointed broker, Bluefin Sport

Introducing the National Game Insurance Scheme

As The FAs appointed broker, we have worked in conjunction with County Football Associations to create a range of personal accident insurance products for adult and youth football teams.

What is the National Game Insurance Scheme (NGIS)?

In 2012 The FA carried out a review of insurance across grassroots football which highlighted a lack of guidelines, and prompted the introduction of minimum standards across all Counties.

The National Game Insurance Scheme (NGIS) has been designed to address this by raising the standard of insurance covers available and to provide more affordable solutions to grassroots football.

About Bluefin Sport and our partnership with The FA

We are a national provider of insurance and risk management solutions to the world of sport and our approach has helped to make us one of the UK's leading sport insurance brokers.

We are currently one of the leading providers of football insurance in the UK with clients ranging from grassroots through to the EFL and the Premier League.

Testament to our success in football was our appointment in 2012 by The FA as the approved insurance broker to deliver the National Game Insurance Scheme (NGIS). Together with The FA, we want to encourage protection for all those involved in the game.

Award winning service

We are one of only a few brokers which hold both an 'Exceptional' award by Investors in Customers (an independent survey of the quality of our customer service) and Chartered status, an exclusive title awarded by the Chartered Institute of Insurance to firms which meet certain rigorous standards of professionalism and capability.

Exceptional

It signifies that we are serious in our pursuit of the highest standards.

New mandatory insurance requirements 2017/18 season

Personal accident insurance for Adult 11 a side football has been mandatory for a number of years now and has proven to be extremely beneficial in providing protection and financial support to players at grassroots level. The NGIS has paid in excess of £1.5m in claims since it's inception in July 2012.

Youth Football

With effect from the 2017/18 season, The FA have introduced a minimum mandatory requirement for personal accident insurance for all age groups and formats of youth football.

Details of these minimum levels of insurance can be found within this document and of course the NGIS policies have now been designed to ensure that requirements are met.

In addition, the NGIS can also provide increased benefits levels and wider cover options to those youth teams that wish to protect their members to an even greater degree.

Please note that the 'Basic' level of insurance may not be available in some Counties. To find out the minimum levels of cover applicable in your County please visit www.bluefinsport.co.uk/ngis/find-my-county-fa/

The next step

Details of the premiums and covers can be found in this document. For instant quotations and cover visit our website where you will also find useful information relating to the NGIS.

Protection for your most valuable assets

If you become injured whilst participating in a club activity, you can incur significant financial losses as a result. Personal accident insurance can help offset some of these unexpected expenses.

This insurance can pay out a set amount if someone is injured in an accident and the payout can be a lump sum or a weekly amount. It ensures all participants have protection in the event of an injury and because this is a 'non negligence' cover it can help reduce litigation in the game, because unlike a liability policy you do not have to find someone to be at fault for an injury to receive compensation.

When does the policy start and finish?

Although you can purchase insurance at any time, **your cover will not start until 1 July 2017 (or later if you apply after 1 July)**. All policies, whenever bought, will expire on 30 June of each given year and will be renewable from 1 July 2018. This is to fall in line with County FA affiliation processes.

NOTE: If you purchase your policy after 1 October 2017 your premium will be calculated on a pro rata basis to reflect the time on cover to 30 June 2018. This will be calculated automatically online and return premiums are issued if applying by post.

When does cover apply?

The policies operate whilst:

- at any ground or premises worldwide (please see exclusions) where there is an agreed fixture or training and includes travelling directly to and from such activities.
- at club social events (please see exclusions).

NOTE: The life cover is included and operative whilst training and playing football matches only.

What are the main exclusions?

- Influence of alcohol, solvents, drugs or medication unless prescribed.
- Being a professional footballer.
- Any claim attributable either to arthritic or other degenerative conditions in joints, bones, muscles, tendons or ligaments.
- Repetitive stress (strain) injury or syndrome.
- Naturally occurring condition or gradually operating cause.
- Illness or sickness.
- Claims as a direct result of an insured person being a member of the armed forces.
- Engaging in a criminal act, riot or civil commotion.
- Club social events that include fireworks, bonfires, driving events, bouncy castles, water sports or any activity above 3 metres off the ground.
- Travel to a specific area against advice issued by the Foreign and Commonwealth Office.

Please see the policy for full details of exclusions.

Who is covered?

The policy automatically includes:

- Players.
- Committee members and club officials.
- Managers and trainers.

The standard policy age limit for players is 55 and for club officials is 75 years of age. If you have any players and officials above this age the policy will provide a reduced level of cover. Please see our website or contact us for details.

Life cover will commence at attainment of 6 years of age and will cease at attainment of 50 years of age.

In all cases permanent total disablement will be calculated on a medical assessment by Us or by an independent qualified medical practitioner appointed by insurers, and which results in the insured person's inability to perform, without assistance from another person, at least 2 of the following activities of daily living:

Notify your members

It's good practise to consult with your players and officials to consider all the options available before selecting an appropriate level of cover.

Once a policy is purchased we would recommend making them fully aware of the extent of the cover in place (we include a useful poster with our policy pack for this very purpose).

This will help educate your members and also provide an opportunity for any individuals who may wish to purchase their own additional insurance protection to do so.

This can be particularly useful if they are, for example, self-employed and may wish to consider an income protection policy that could also cover sickness and provide 24/7 cover, not just from football activities.

We will tell you if such change affects your insurance and if so, whether the change will result in revised terms and/or premium being applied to your policy. If you do not inform us about a change it may affect any claim you make or could result in your insurance being invalid.

8. Client and insurer money

The FCA requires Bluefin to hold all client monies, including yours, in a trust account, the purpose of which is to protect you in the event of our financial failure since, in such circumstances; our general creditors would not be able to make claims on client money as it will not form part of our assets.

We will hold all client monies in a Non Statutory Trust bank account in accordance with the FCA client money rules. Under these arrangements, we assume responsibility for such monies and are permitted to, and may use such monies received on behalf of one customer to pay another customer's premium, before the premium is received from that other customer. However, we are not entitled to pay ourselves commissions before we receive the relevant premium. We may retain for our own use, any interest earned on client money. Please inform us if you do not agree to this.

Your money will be held as agent of the insurer which means that when we have received your cleared premium, it is deemed to have been paid to the insurer.

Unless we receive your written instruction to the contrary, we shall treat receipt of payment from you and of any claim payment and/or refund of premium which fall due to you, as being with your informed consent to the payment of those monies into our Non Statutory Trust bank account.
