*\* Following the outbreak of the COVID pandemic in early 2019 all football was suspended. Competitions which had already reached the semi-final stage were deemed to have been shared, with all other unfinished competitions from that season declared void. Further COVID lockdowns disrupted subsequent seasons meaning that no County Cup competitions were run in 2020-21 and a reduced number of competitions were run in the years after*

Competitions which had already reached the semi-final stage were deemed to have been shared, with all other unfinished competitions from that season declared void. Further COVID lockdowns disrupted subsequent seasons meaning that no County Cup competitions were run in 2020-21 and a reduced number of competitions were run in the years after*

*\* Following the outbreak of the COVID pandemic in early 2019 all football was suspended. Competitions which had already reached the semi-final stage were deemed to have been shared, with all other unfinished competitions from that season declared void. Further COVID lockdowns disrupted subsequent seasons meaning that no County Cup competitions were run in 2020-21 and a reduced number of competitions were run in the years after*
