

COVID-19: UPDATED GUIDANCE ON GRASSROOTS FOOTBALL

Version: 1.5

Published: DECEMBER 1 2020

FOR ALL

COVID-19: UPDATED GUIDANCE ON GRASSROOTS FOOTBALL

EVERY PARTICIPANT MUST FOLLOW ALL FA AND GOVERNMENT ADVICE. THIS IS CRUCIAL TO ENSURE THE SAFETY OF EVERYONE INVOLVED IN THE GAME, AND SO WE CAN CONTINUE TO PLAY. ANY INCIDENTS OF NON-COMPLIANCE WILL BE REPORTED TO THE RELEVANT COUNTY FA FOR ACTION. THE LATEST GOVERNMENT GUIDANCE IS HERE. THE LATEST FA GUIDANCE IS HERE, INCLUDING A SUMMARY OF GUIDANCE FOR GRASSROOTS FOOTBALL UNDER THE THREE-TIER ALERT LEVEL SYSTEM.

From **Wednesday December 2** the national lockdown restrictions in England will end and we will move into the Government's Covid-alert tier system.

This guidance document applies to all youth and adult football and futsal, including all formats of the game.

Organised grassroots football can take place outdoors in all three tiers. Adults can travel to play grassroots football in between Tier 1 and Tier 2. However, adults **cannot** travel in and out of Tier 3 to play grassroots football.

There are exemptions for travel in and out of Tier 3 for under-18s, disability teams, volunteers, elite players and for those travelling for work.

Training for teams in Tier 3 must have minimal contact.

Indoor sport can resume in Tiers 1 and 2. In Tier 1, organised indoor football can take place if the rule of six is followed. In Tier 2, organised indoor football will only be permitted if it is possible for people to avoid mixing with people they do not live with (or share a support bubble with). In Tier 3, indoor football cannot take place.

In all three tiers there are exceptions for indoor disability football, sport for educational purposes and supervised sport and physical activity for under-18s, which can take place with larger groups mixing.

Additional guidance for clubs with teams competing in the men's National League System and the Women's Football Pyramid (Tiers 3 to 6) can be found on the [Covid-19 section](#) of TheFA.com.

This guidance should be read in conjunction with the Government's latest [Covid-19 guidance](#).

The guidance you are reading is FOR ALL – players, coaches, club officials, club welfare officers, match officials, league officials, first-aiders, volunteers, parents/carers, spectators. It is also for clubs and football facility providers and should be read in conjunction with the updated additional guidance 'For providers of indoor and

outdoor football facilities, including clubs' which is available on TheFA.com.

Should Government guidance change, The FA guidance will be updated accordingly.

In the meantime, please remember anyone who is deemed vulnerable in respect of Covid-19 is reminded to follow the Government's guidance, only returning to football when it's right for them to do so. There is no pressure to return. Everyone's health, wellbeing and safety are the priorities.

Please also bear in mind the Public Health England (PHE) report published [here](#), which has highlighted a greater risk from Covid-19 to people from BAME communities. As the current impact of Covid-19 on members of BAME communities is not yet fully understood, we acknowledge that there may be increased concerns and levels of anxiety from within these communities.

Before re-starting playing/training, clubs must carry out a risk assessment and record the procedures and checks put in place. It's essential everyone is clear about the restrictions and works together to manage social distancing, strict hand hygiene and the other protocols set out in this document.

Clubs should also update their medical emergency action plan around player care and strictly follow the first-aid guidance document published by The FA, without exception. This is both to protect players and any club member who is trying to aid the player if an emergency arises.

THE ADVICE IN THE DOCUMENT APPLIES TO ALL TIERS UNLESS SPECIFIED.

BEFORE ANY FOOTBALL ACTIVITY TAKES PLACE

Who?	Topic	Required actions
CLUBS AND FACILITY PROVIDERS	The basics	<ul style="list-style-type: none"> • Facility operators should ensure they have read and understood The FA's Covid-19 Guidance on Grassroots Football that's specifically for facility providers. It's available on TheFA.com. • Clubs/teams should ensure they are affiliated to their local County FA for the 2020/21 season ahead of any match play. • Each club must only return to sport when they are ready and have the appropriate measures in place as developed by The FA and general Government guidance in relation to recreational sport. • All clubs must identify a Covid-19 officer who is responsible for developing a Covid-19 plan and a general risk assessment prior to the restart of any activity. The Covid-19 officer should continually monitor how compliance is being observed within the club. A: specific safeguarding risk assessment must also be produced. The Covid-19 officer may choose to enlist the support of their club/committee as they see fit. The FA has produced guidance on conducting a safeguarding risk assessment, which includes a template for self-completion. It can be found on TheFA.com. The Covid-19 officer should consider establishing a Covid-19 group to be responsible for producing and implementing the Covid-19 risk assessment and to oversee the safe return to play. • The Covid-19 officer at each club will be responsible for clearly communicating all relevant guidance to its players, coaches and volunteers. • Clubs should also check the insurance policies they have in relation to all football activities (e.g. personal accident and public liability), specifically any changes to insurance provider's advice and guidance on returning to competitive play, ensuring full compliance with its terms. <p>Please note: if you have teams that play in the men's National League System or the Women's Football Pyramid Tiers 3 to 6, The FA has produced additional and specific guidance for these environments. This guidance can be found on TheFA.com.</p>
	Arrival at venues	<p>Clubs/facilities should consider further mitigations to ensure safe arrival at venues, including:</p> <ul style="list-style-type: none"> • In line with current Government guidance, all participants (players, coaches, club and match officials, volunteers, spectators etc.) should check for symptoms of Covid-19. If an individual is symptomatic and/or living in a household with a possible Covid-19 infection they should remain at home and follow Government guidance. In addition, any participants who have been asked to isolate by NHS Test and Trace because they are a contact of a known Covid-19 case, must not exercise outside their home or garden and must not exercise with others; • Clear signage (e.g. for one way systems) to manage entry, parking arrangements, traffic flow and general movement around the venue which ensure social distancing can be maintained.
	Safety briefing	<p>In competitive football activities the Covid-19 officer of each club must ensure a safety briefing is provided before the commencement of any fixture. This briefing will remind both sets of players and officials about their responsibilities in complying with the Code of Behaviour set out in Appendix 1 to this guidance.</p>

BEFORE ANY FOOTBALL ACTIVITY TAKES PLACE (CONTINUED)

Who?	Topic	Required actions
CLUBS AND FACILITY PROVIDERS	Changing rooms and showers	Changing rooms and shower facilities can be used, but participants must adhere to gathering limits while indoors, and maintain social distancing wherever possible. You should encourage participants to avoid or minimise use where possible (e.g. by arriving in kit and showering at home) and to minimise the time they spend in the changing area. Team talks/briefings and other gatherings should not take place in changing rooms under any circumstances. Access should be maintained for those with disabilities, and will be important for sports such as swimming, or outdoor sports in bad weather.
	Toilets/ facilities	Where you are a sport provider and are also the facility operator (or there is no operator present - e.g. an outdoor pitch booking) you should follow the guidance for sport facility operators . That sets out information on how to operate an indoor or outdoor facility safely, such as one-way systems, use of changing rooms and toilets, and car parks.
	NHS Test and Trace	<p>Clubs and facility providers must adhere to the NHS Test and Trace system. This means ensuring information for all training sessions and matches is collected by one of the methods set out below.</p> <p>You must register for an official NHS QR code and display the official NHS QR poster to help NHS Test and Trace to identify and notify people who may have been exposed to the virus.</p> <p>In addition, there is an NHS Covid-19 app, which has a feature that allows users to quickly and easily 'check in' to your venue by scanning the code. The information stays on the user's phone. In England, you do not have to ask people who choose to 'check in' using the official NHS QR code to provide their contact details. If there is an outbreak associated with a venue, a message will be sent to the relevant app users with the necessary public health advice.</p> <p>For those who do not have a smart phone, a manual process should be used to collect information. This information should be collected, processed and stored in accordance with the Data Protection Act 2018 and GDPR principles for 21 days in line with the Government Recreational Team Sport Framework then deleted. It should be used only for the purpose of NHS Test and Trace and, where requested to share with the NHS for Test and Trace purposes, the shared information should relate only to the match or training in which the player or supporter tested positive.</p>

BEFORE ANY FOOTBALL ACTIVITY TAKES PLACE (CONTINUED)

Who?	Topic	Required actions
EVERYONE (i.e. players, coaches, match officials, league officials, volunteers, parents/ carers, spectators, clubs and football facility providers)	Covid-19 self-assessment	<p>All players, officials, volunteers and spectators must undergo a self-assessment for any Covid-19- symptoms. No-one should leave home to participate in football if they, or someone they live with, has any of the following:</p> <ul style="list-style-type: none"> • A high temperature (above 37.8°C); • A new, continuous cough; • A loss of, or change to, their sense of smell or taste. <p>This check should be done before each training session and must be recorded in regular risk assessments and it is important to note that no training session should take place without this having been done. Some clubs may wish to have this completed in the form of an online or paper questionnaire at the start of sessions. If symptoms are checked at the start of a session rather than in advance, this should be completed on arrival before the player mixes with others, so that if they have symptoms there is no chance of others being affected.</p> <p>Should an individual have demonstrated any such symptoms, they must not participate. Instead they should follow NHS and PHE guidance on self-isolation available here.</p> <p>Anyone who has already been instructed to self-isolate by a health care practitioner or PHE should continue to follow this advice and may not participate.</p> <p>Clubs will make relevant participants aware of any increased risk associated with taking part in activity, based on the risk assessment undertaken by the club. Everyone should comply with public health restrictions and avoid high-risk behaviour outside the football setting to reduce the risk to fellow participants and other attendees.</p>

BEFORE ANY FOOTBALL ACTIVITY TAKES PLACE (CONTINUED)

Who?	Topic	Required actions
EVERYONE (i.e. players, coaches, match officials, league officials, volunteers, parents/ carers, spectators, clubs and football facility providers)	Travel to training and matches	<p>You should always follow best practice for travel and aim to walk or cycle if possible. Where that is not possible, you can use public transport or drive, but should avoid travelling with someone from outside your household or support bubble unless you can practise social distancing. See the government’s guidance on safer travel for passengers, and car sharing, for further information.</p> <p>There is additional guidance for Tier 2 and Tier 3 areas, which affects those living in the areas as well as those who wish to travel into the areas to take part in sporting activities.</p> <ul style="list-style-type: none"> • In Tier 2 areas: you should aim to reduce the number of journeys you make, where possible. • In Tier 3 areas: you are advised not to travel into or out of Tier 3 areas, including for sport, unless this is necessary to enable individual exercise (or exercise for people from the same household or support bubble). Where this is necessary (for example to access a green space for a run or cycle), you should only travel a short distance and stay as local as possible. Travel is also permitted where it is necessary to enable sport for disabled people, sport for educational purposes, or supervised sport and physical activity for under-18s, to take place, but should still be minimised and kept to short distances only.
PLAYERS, MATCH OFFICIALS AND COACHES	Changing, showering and use of toilets	<p>Changing rooms and shower facilities can be used, but participants must adhere to gathering limits while indoors, and maintain social distancing wherever possible. You should encourage participants to avoid or minimise use where possible (e.g. by arriving in kit and showering at home) and to minimise the time they spend in the changing area. Team talks/briefings and other gatherings should not take place in changing rooms under any circumstances. Access should be maintained for those with disabilities, and will be important for sports such as swimming, or outdoor sports in bad weather</p> <p>Where you are a sport provider and are also the facility operator (or there is no operator present - e.g. an outdoor pitch booking) you should follow the guidance for sport facility operators. That sets out information on how to operate an indoor or outdoor facility safely, such as one-way systems, use of changing rooms and toilets, and car parks.</p>
CLUB OFFICIALS, COACHES & CWOs	Safeguarding	<ul style="list-style-type: none"> • Please see Appendix 2: Safeguarding Children for guidance and your specific responsibilities in this area.
PLAYERS WITH A DISABILITY	Advance information	<p>If you have additional disability or medical needs, please ensure that you have discussed this specifically with the club and coach. Then you can agree how/if these needs can be met within current Government Covid-19 and FA guidance.</p>

BEFORE ANY FOOTBALL ACTIVITY TAKES PLACE (CONTINUED)

Who?	Topic	Required actions
PARENTS/ CARERS	Advance information	<ul style="list-style-type: none"> • If you choose for your child to take part, you will need to give your written consent to the club and or coach. Ensure you are comfortable with the club's Covid-19 planning arrangements before doing so. • You may already be aware that the period of isolation may have resulted in your child becoming anxious or unsure whether to resume previous activities, such as football. Please only support their return to football activity when they feel confident to do so and you feel the activity is safe and right for them. • Your child should arrive changed and ready to exercise. • Ensure your child takes their own water bottle and their own hand sanitiser, both clearly marked with their name. They must not share these with anyone else. • Please ensure your child/children know how to maintain good hygiene and hand washing; • Young children may struggle to maintain social distancing. Please continue to do your best to help your child recognise what two metres or 'one-metre plus' look and feel like – for example, related them to arm spans or standing jumps for example; • Despite the changed circumstances the organiser of the activity still has a responsibility to implement The FA's safeguarding requirements. Anyone involved in activity directly with children (anyone aged under 18), must have an in-date DBS Check, is responsible for ensuring the environment is safe and should have completed some FA safeguarding training; • Coaches must ensure the ratio of coaches to children is appropriate – see FA safeguarding Guidance Notes 5.5;

DURING ALL FOOTBALL ACTIVITY

Who?	Topic	Required actions
EVERYONE	Social distancing in competitive training	<p>Competitive training can take place for all participants, in an outdoor setting, in all tiers. For Tier 3, contact in training must be kept to a minimum.</p> <p>Care should be taken on busy sites with limited access points to ensure safe play. Facilities should consider staggering start times and allowing cleaning time between change-overs.</p> <p>Clubs should determine the appropriate ratio of coaches to participants, following the relevant FA safeguarding policy outlined in safeguarding Guidance Notes 5.5.</p> <p>In all settings before and after the session, and in any breaks, all participants should practise social distancing, in line with Government guidelines.</p> <p>Any spectators at training sessions (including parents and carers) must be restricted to discrete six-person gathering limits and spread out, in line with wider government guidance, ensuring space for officials, coaches and substitutes.</p>
	Social distancing around matches	<p>Outdoor competitive match play is now permitted in all tiers. However, in all settings before and after matches all participants should practise social distancing.</p>

DURING ALL FOOTBALL ACTIVITY (CONTINUED)

Who?	Topic	Required actions
EVERYONE	Other Covid-19 modifications – in matches (and training where applicable)	<ul style="list-style-type: none"> • Pre-match handshake should not happen. Instead players will be asked to hand-sanitise before kick-off; • Team talk huddles should not take place. Team talks can take place, as long as social-distancing is observed and held outdoors where possible; • Warm-ups/cool-downs should always observe social distancing; • Coaches, other team staff and substitutes are allowed, but must also always observe social distancing on touchlines/dug-outs. Social-distancing must also be observed during interactions when a substitution is being made; • Match preparation meetings by officials should be held by video call; • Set plays – free kicks: referees and coaches should encourage players to get on with the game and not unnecessarily prolong set play set-up, such as defensive walls; • Set plays – corners should also be taken promptly to limit prolonged close marking and goal posts should be wiped down before matches, after matches and at half time. • Goal celebrations should be avoided; • Interactions with referees and match assistants should only happen with players observing social distancing; • Small-sided football should be modified to provide more regular hygiene breaks in activity. Players should be discouraged from touching boards at any time, with tackling against boards discouraged. Referees should consider stopping play when this happens. Any indoor play must adhere to the relevant tier guidance for indoor sport. • Youth football coaches are encouraged to limit persistent close proximity of participants during match play (where young participants may be more likely to cluster around the ball) and provide regular hygiene breaks in activity. • Other formats of the game may require specific adaptations, and participants should work with their club or facility provider to ensure these can be put in place. • Face coverings: All participants should follow the Government guidance on face coverings. Unless you have an exemption, face coverings are mandatory for all staff in retail/hospitality outlets (e.g. a clubhouse). This also applies to users of the facility, except when seated at a table to eat or drink.

DURING ALL FOOTBALL ACTIVITY (CONTINUED)

Who?	Topic	Required actions
EVERYONE	Social distancing during breaks (e.g. half-time)	<p>All participants must remain socially distanced during breaks in play, with spaced areas for equipment and refreshment storage for each individual including officials and substitutes. Coaching staff and substitutes, should, for example, spread out and avoid sharing a dug out or bench if social distancing cannot be observed. Players and officials should also observe social distancing during sin-bin instances.</p> <p>Water bottles or other refreshment containers should in no circumstances be shared. Participants are advised to bring their own drinks or refreshments, in a named container.</p> <p>After activity participants must maintain government mandated social distancing for social interaction. This includes in any available changing rooms, showers, and any clubhouse facilities or other venue participants congregate in afterwards.</p> <p>Any payments relating to the fixture (match fees, referee fees or facility fees) should where possible, be made in a cashless manner. The FA Matchday app allows affiliated teams using Full-Time to receive cashless payments from their players.</p>
	Use of equipment	<p>The sharing of equipment must be avoided where possible. Where equipment is shared, equipment must be cleaned before use by another person.</p> <p>Participants should take their kit home to wash it themselves, rather than have one person handling a large quantity of soiled materials. Where kit absolutely has to be shared or kept together (e.g. last-minute stand-in players, shortage of kit, or an essential club function), each person handling it must wash or sanitise their hands immediately after and appropriate cleaning arrangements for the kit must be made.</p>
	Ball transfer	<p>The nature of football means that the ball is not frequently handled. When the ball goes out of play it should not be retrieved by non-participants and should be retrieved using the feet rather than the hands where possible. Where there are breaks in the game, or training, if throw-ins or handling has occurred the ball should be disinfected. Further guidance on disinfecting can be found here.</p>
	Shouting	<p>There is an additional risk of infection in close proximity situations where people are shouting or conversing loudly. This particularly applies indoors (e.g. inside clubhouses) and when face to face. If possible, players should therefore avoid shouting or raising their voices when facing each other during, before and after games. This is included within The FA's Code of Behaviour (see Appendix 1).</p>
	Spitting	<p>Everyone should refrain from spitting. If you need to sneeze or cough, you are encouraged to do so into a tissue or upper sleeve and advised to avoid touching your face. Ensure any tissues are disposed of in a sealed bin as soon as possible.</p>

DURING ALL FOOTBALL ACTIVITY (CONTINUED)

Who?	Topic	Required actions
CLUBS	Code of Behaviour	<p>In Appendix 1 you will find the Code of Behaviour The FA has produced to ensure a commitment for all involved to adhere to Covid-19 adaptations.</p> <p>The Covid-19 officer for each club will be responsible for communicating the code of behaviour to all players, coaches and volunteers within the club.</p> <p>Participants must be clear that they are opting-in to participating as defined in The FA's guidance about risk and risk mitigation.</p>
MEDICS	Treatment of injuries	<p>The FA has produced a detailed First Aid Guidance document for First Aid which can be found on TheFA.com.</p> <p>Injuries during play should still be treated as participant health and safety is of utmost importance. In all cases but particularly where medical treatment is needed, the best form of protection is through rigorous cleaning, personal hygiene and regular hand hygiene.</p> <p>An increased frequency of cleaning and disinfection of all surfaces and equipment, using standard household cleaning and disinfection products, will be recommended in The FA's supporting medical guidance which can be found here.</p> <p>If a participant gets injured, a member of their household can assist if present and appropriate, but others (including match officials and teammates and coaches) will still need to socially distance unless a life- or limb-threatening injury necessitates compromising guidelines to provide emergency care.</p> <p>If there is a first-aider or other medical personnel present, they should be equipped with the appropriate PPE (including face coverings) to protect themselves and others if they need to compromise social-distancing guidelines to provide medical assistance.</p> <p>After contact with an injured participant, the person who has administered first aid should clean their hands thoroughly with soap and water or alcohol hand sanitiser at the earliest opportunity. This advice is applicable to all situations, regardless of whether there was close contact or social distancing was maintained. The first aider should also avoid touching their mouth, eyes and nose.</p> <p>Physios or their equivalent or anyone who is administering any form of treatment, should keep a record of each participant they have come into contact with for NHS Test and Trace purposes. Further information for those who may need to act as a 'first responder' role in a sports setting can be found here.</p> <p>If a participant becomes Covid-19 symptomatic during the activity, they should immediately remove themselves from the session and return home as soon as possible. NHS guidance on further management of symptoms should be followed.</p>
MATCH OFFICIALS	Social distancing	<p>Match officials should observe The FA's guidance in the same way as participants are required to.</p>

AFTER ALL FOOTBALL ACTIVITY

Who?	Topic	Required actions
SPECTATORS	Social distancing	<p>In Tier 1 areas: people can gather in groups of up to 6 (or larger groups if they are from the same household or support bubble) outdoors and indoors.</p> <p>In Tier 2 areas: people can gather in groups of up to 6 (or larger groups if they are from the same household or support bubble) outdoors. Indoors, people cannot mix with others from outside their household or support bubble.</p> <p>In Tier 3 areas: people cannot mix with others from outside their household or support bubble indoors. Outdoors, people cannot mix with others from outside their household or support bubble in a private garden or most public outdoor venues. However people can meet in groups of up to 6 in public outdoor spaces, including outdoor sport grounds and facilities</p> <p>There is specific FA guidance and protocols for clubs who have paying spectators in the men's National League System and the Women's Football Pyramid Tiers 3 to 6.</p> <p>You can find the guidance on the Covid-19 pages of TheFA.com.</p>
PLAYERS, MATCH OFFICIALS AND COACHES	Hygiene	<p>Hands should be washed at the earliest opportunity and personal equipment should be wiped down with a disinfectant.</p> <p>Individuals should take their own kit home to wash it themselves, rather than have one person handling a large quantity of soiled materials. Where kit absolutely has to be shared or kept together (e.g. last-minute stand-in players, shortage of kit, or an essential club function), each person handling it must wash or sanitise their hands immediately after and appropriate cleaning arrangements for the kit must be made.</p> <p>Coaches are encouraged to maintain a record of the regular cleaning of club or team equipment that players use, and review the risk assessments you undertake in between sessions, learning from any changes you need to apply.</p>
EVERYONE	Social distancing	<p>After training sessions and/or matches, participants must maintain social distancing. This includes in any available changing rooms, showers, and any clubhouse facilities or other venue.</p> <p>Bars and restaurants, which includes any food or drink facilities inside a clubhouse, have been able to open since July 4, in accordance with the Government guidance.</p>
	Departing	<p>All participants must depart following the traffic-flow system that the venue will have in place.</p>
CLUBS AND FACILITY OWNERS	Hospitality venues (e.g. clubhouse bars)	<p>All hospitality venues must follow the latest Government tier relevant advice on opening times and operating rules.</p>

APPENDIX 1

COVID-19 IS A HIGHLY INFECTIOUS AND DANGEROUS DISEASE. EVERY PARTICIPANT MUST FOLLOW ALL FA AND GOVERNMENT ADVICE. THIS IS CRUCIAL TO ENSURE THE SAFETY OF EVERYONE INVOLVED IN THE GAME, AND SO WE CAN CONTINUE TO PLAY. ANY INCIDENTS OF NON-COMPLIANCE WILL BE REPORTED TO THE RELEVANT COUNTY FA FOR ACTION.

CODE OF BEHAVIOUR

A resumption of contact play is only achievable if those involved create and maintain a controlled environment that minimises the threat of infection.

Risk in sport cannot be completely eradicated but with caution and care these risks can be reduced.

Each player will need to decide when to return to contact football, based on their own circumstances and the arrangements that have been put in place for a safe return. This is particularly the case for players from BAME communities or those with underlying health conditions.

All those returning to competitive grassroots football must adopt the following code of behaviour:

- **Be aware of your own personal health.** If you show any of the Covid-19 symptoms you must stay at home, inform NHS Test and Trace and seek medical advice.
- **Be responsible.** Read the guidance provided by The FA and by your club so that you are aware of the changes to the game and what is expected of you. This will include things like being prepared to wash your own kit, bringing your own labelled water bottle and being aware of changes to meet-up times.
- **Practise good hygiene.** Wash your hands regularly and before, during and after a game.
- **Maintain social distancing.** This won't always be possible in a competitive match environment (for example when tackling an opponent) and that is acceptable. However, before, and after a game you should maintain social distancing.
- **Face coverings.** Unless you have an exemption, face coverings are mandatory for all staff in retail/hospitality outlets (e.g. a clubhouse). This also applies to users of the facility, except when seated at a table to eat or drink.
- **Support NHS Test and Trace.** You will be asked to provide your details so that in the event of a Covid-19 outbreak those potentially infected can be traced. This is to everyone's benefit so please co-operate.
- **Do not spit.** Spitting and the rinsing out of mouths is now a recognised risk to health and must not be done. Avoid shouting or raising your voice if face to face with other players.
- **After the game.** Be aware that other users may be waiting to use the facilities. Follow all advice if using changing rooms and showers.

APPENDIX 2

SAFEGUARDING CHILDREN – GUIDANCE FOR CLUB OFFICIALS INCLUDING COACHES AND CLUB WELFARE OFFICERS

- Your club must have completed a safeguarding and Covid-19 risk assessment and briefed you on your responsibilities. The Safeguarding Risk Assessment is FA safeguarding **Guidance Note 1.9**.
- You are responsible for continuing to ensure the environment is safe and for implementing your club's safeguarding children policy and procedures.
- Coaches working with children must have an in-date FA DBS Check and should have done some FA safeguarding training.
- You must ensure the ratio of coach to different age groups of children is appropriate. See FA safeguarding **Guidance Note 5.5**, which covers the ratios of adults to children. There must be a minimum of two FA-DBS-Checked adults present at any one time.
- It is essential that parents/carers give informed consent for their child(ren) to participate in your football session. When requesting consent, you have the ideal opportunity to be clear about what is expected of the children and their parents/carers in line with this guidance.
- Ensure you retain a written record of parent/ carer consent. The club may use a form such as the one in FA safeguarding **Guidance Note 8.2** to gather any relevant information from parents/carers.
- Any children with additional medical or disability needs must be discussed with parents/carers to ensure you, or as the parents/carers, they can provide effective support to facilitate their involvement and appropriately update your risk assessments.

LISTENING TO CHILDREN

While many families have coped well during lockdown, others may not have and for some children the experience will have been very difficult. You may be one of the first people outside the family unit that a child has met in recent times. It's important you know that some children may be struggling for various reasons, including:

- Lacking confidence, as they have felt cut off from

their friends;

- Being confused and stressed about how to behave because of social distancing;
- They or someone they care about may have been or still be unwell;
- They may still be grieving because someone they love has died;
- Hearing that people from BAME communities may be more vulnerable to Covid-19;
- They may have been neglected emotionally and/or physically – through lack of food and/or care;
- Children with learning disabilities may find it particularly confusing, as their routine has changed.

You may also have seen media coverage on the increase in:

- Domestic violence – significantly impacting children emotionally and/or physically in households where this has happened;
- Online grooming of children;
- Cyberbullying.

We're sharing this because of your important role in safeguarding. If you are worried about a child as they return to football, it's vital you report your concerns. Doing nothing is not an option.

Please check-in with the children you are coaching/working with, and ask them how they've been and how they're doing. There are five ways to report your concerns if you are worried about a child as they return to football:

- To your club or league Welfare Officer;
- To your County FA Designated Safeguarding Officer. Click [here](#) for a list of County FA contacts;
- By emailing The FA Safeguarding Team at safeguarding@TheFA.com;
- If urgent and you cannot contact your club, league or County FA Designated Safeguarding Officer, you should call the NSPCC 24-hour helpline on 0808 800 5000;
- If it is an emergency because a child or children are at immediate risk, then call the Police on 999.

The NSPCC has produced a great film which reminds us all how best to respond if a child discloses to you. It really is worth taking the two minutes it requires to watch. You can

FINALLY

Thank you in advance for playing your vital part in helping our great game get going again. By observing Government guidance and the football-specific protocols, let's work together to ensure the transition back to competitive grassroots is as smooth and safe as possible.

But remember, if you're not comfortable returning to football, whatever your role, there is no pressure to do so. Everyone's health, wellbeing and safety are the priorities.

DISCLAIMER:

This guidance is for general information only and does not constitute legal advice, nor it is a replacement for such, nor does it replace any Government or PHE advice; nor does it provide any specific commentary or advice on health-related issues. Affected organisations should therefore ensure that they seek independent advice from medical practitioners, or healthcare providers, prior to implementing any re-opening plan, as required. Independent legal advice should be sought, as required and depending on your, or relevant circumstances.

While efforts have been taken to ensure the accuracy of this information at the time of publication, the reader is reminded to check the Government website to obtain the most up-to-date information regarding social distancing and any other Government measures.
