

JERSEY FOOTBALL ASSOCIATION

1st4sport Qualifications Approved Centre No. 393307

Coaching and Education Scheme

EQUAL OPPORTUNITIES STATEMENT

The Jersey Football Association is committed to the principles and practices of equal opportunities, both as an employer and in the delivery of our services.

Employment opportunities, qualifications and services are available to all sections of the community and we will not discriminate on the grounds of gender, marital status, race, colour, ability, sexuality, age, occupation, religion or political opinion.

EQUAL OPPORTUNITIES PROCEDURES

The Jersey Football Association will:

- Ensure that its equal opportunities policy is communicated to all members of staff, whatever their capacity, and to all candidates undertaking a qualification organised by the Jersey Football Association.
- Through the process we ensure that sites where assessment may take place operate equal opportunities policies that are no less favourable than that of the Jersey Football Association.
- Encourage anyone who believes they may have been discriminated against to raise the matter through the appropriate channels. If not resolved at a local level the grievance should be brought to the attention of the Jersey Football Association.
- Monitor the effectiveness of our policy and take action to ensure it is maintained and improved where appropriate.
- Collect data which enables the policy to be reviewed by the JFA and others who may have a legal right to access the data.
