

# FA 'BRINGING OPPORTUNITIES TO COMMUNITIES' CONSULTATION FORUMS 2018

Bringing Opportunities to Communities was The FA's first plan to address the lack of Asian Inclusion in the grassroots game. It was launched in 2015 after consultation with Asian communities in eight different parts of the country. As the first stage of that plan has now concluded, we are revisiting those communities and those venues to ask you how inclusive you feel football is now. These consultations will be a mixture of presentations and workshops. Every event will be free to attend, accessible and refreshments will be provided. Below are the list of events taking place. Please use the drop down menu on the booking sheet to select your chosen venue. We have partnered with Sporting Equals to help us gain insight into the impact of our work and capture feedback at the forums to help shape how we move forward.
