League support calls

As part of the London FA's commitment to supporting our leagues and clubs, we will be providing a twice seasonal call to a main contact.

The aim of the calls will be as follows:

- Understand the priorities and challenges of the league and how we can support
- Allow you to feedback and discuss key points
- Use the findings to prioritise our resources to better service leagues

The calls will take place in November and March. The league will be able to book a call for a time that suits you. We could encourage the committee members to discuss in advance any key points to discuss so the call can be made as relevant as possible.

Creating the environment so we can all enjoy the game

Football is the greatest game in the world. It is played by most people across the globe than any other sport. For a privileged few, it is how they earn a living. But for the vast majority of people who play the game, it is a fun, relevant activity for all ages, to be enjoyed.

We can all help our children enjoy the game more, by creating the right environment. By allowing them to play with freedom, by letting them make mistakes, by encouraging them to make their own decisions. We can simply let them play.

"Enjoyment is central to football, particularly for children. While some set out on the pathway to becoming a professional, the vast majority play the game for fun. It's important that everybody involved in the sport helps maintain a positive environment that allows children to play freely."

Gareth Southgate

"Children have a massive capacity to think and behave creatively. An effective coach will support and encourage this in the football and future games that they play. We want our players to play with freedom and enjoyment."

Peter Shrewsbury

How to make match day enjoyable for everyone

The better the environment we create for the players, the more everyone will enjoy the game. Creating the opposition and the referee, putting on refreshments, appointing a Match Day Manager, are all ways in which any club at any level can start to make a difference on the day.

GOOD PRACTICE

- ✓ Issue a Code of Conduct to everyone involved at the start of the season.
- ✓ Whatever your role – coach, parent, player, referee – turn up in good time.
- ✓ All players play a minimum 50%.
- ✓ Coaches to stay in the technical area, unless a player is injured.
- ✓ Spectators behind the barriers on the opposite side of the field.
- ✓ Applause for performers.

RESPECT

If we do not have respect for the opposition players and coaches, and especially for the referee, then we do not have a game of football.

- ✓ Support and encourage players.
- ✓ Treat the opposition how you would like to be treated.
- ✓ Let the coaches coach.

Match day best practice for coaches

Every coach at every level can play a huge part in creating the match day environment that everyone can enjoy, not only the players, but the match officials and those watching too. A good coach can be a positive role model that youngsters will remember for the rest of their lives.

There are lots of different ways to play football. Here are just a few:

- You could take the pressure off the players by choosing to play with a smaller number of players.
- All players getting at least 10 minutes of play.

Match day best practice for parents

Whether you played yourself, or if you are new to football, the game is a great activity that can be enjoyed by all the family. Kids love playing, and they like their parents to take an interest. What they don't like is when mums and dads get too involved from the touchline, or put too much pressure on them to do well.

The FA asked young players up and down the country why they play the game. Here are the top six reasons:

- Trying my hardest is more important than winning.
- I love playing football because it's fun.
- It helps keep me fit and healthy.
- I like meeting new friends through football.
- I love it.

Regulation Amendments 2017/18 Season

This document is intended to provide a brief overview of the key Regulation amendments for 2017/18 season for all Clubs operating at Step 5 and below (County FA football). Please refer to The FA or County FA handbook for the rule in its entirety and all other changes that may affect you. This is not intended to replace the Association handbook.

In addition to this, The Discipline Handbook will be released in due course.

Separation of FA Offences and CFA Offences

All suspensions imposed by a County FA will not affect a participant at Step 4 and above unless dispensation has been given by The FA for the suspension to cover all levels of the game. Likewise, a suspension at Step 4 and above will remain at Step 4 and above unless dispensation provided to cover all levels of the game.

This change will ensure Players and Clubs are not affected by suspensions from another body which operates under a different set of Disciplinary Regulations.

Suspension Start Dates

Following any case that has an automatic suspension (Red Card, 5/10/15 cautions) all suspensions will commence 7 days from the date of the offence. The onus is on the Player and Club to ensure the suspension is served irrespective whether paperwork is received or not.

Late Payment & Response Update

If a late fine is applied this will be due 14 days from the issue of the fine and will amount to 25% of the original amount invoiced. Failure to pay will result in a Club suspension on the first Monday 7 days after the monies were due.

If a late response fine is applied this will be due 14 days from the issue of the fine and will amount to 25% of the original amount invoiced. Failure to pay will result in a Team suspension on the first Monday 7 days after the monies were due.

County FA Discipline Commissions

To improve the efficiency and effectiveness of Discipline Commissions the following rules have been implemented, thus ensuring personnel sitting are fully compliant and aware of discipline process and regulations:

- Every Commission must have a qualified Commission Secretary
Independent members will provide opportunities for those not operating within CFA councils to be incorporated into the discipline process providing their skillset and expertise on decisions. Thus, improving the diversity of the Panel and having a true reflection of the personnel within the County. The definition of an Independent member is where the member has no involvement other than the Disciplinary panel with a County Association.
- All Commissions must have an independent member
(effective from 1st January 2018)

Appealing a County FA Decision

A participant charged will be able to lodge an appeal against any decision of a County FA, the minimum threshold has been removed and so all decisions found Proven, are subject to appeal by the Participant charged.

All suspensions imposed following a misconduct charge commence 3 days after the date of the hearing with an intention to appeal having to be made within those 3 days. The full written submissions are still required within 14 days of the written decision. Any appeal outside of these timelines will not be accepted.

Mandatory Minimum Sanctions

To ensure consistency Nationally, mandatory minimum sanctions have been introduced, an individual who receives a charge below and if found proven, will face as a minimum the sanction below listed. A Commission can increase based upon the aggravating factors that are present. These are not an entry point.

- Assaults on a Match Official – 5 year minimum sanction
- Physical contact on a Match official - 84 days & £100 minimum
- Threatening a match official – 56 days/6 matches & £50 minimum

Serious Offences and Suspensions

Any proven case following a charge below and where a suspension is imposed will automatically suspend the participant from all football and football activities at County level and is highly likely to be extended Nationally should an application from the CFA to The FA with all the relevant contact details. The charges are:

- Assaults on a Match Official
- Physical contact on a Match official
- Threatening a match official
- Assault by participant on participant
- Any sanction in excess of 10 matches or 112 days

Football Debt Recovery (FDR)

A review of FDR has been approved with several amendments being made to ensure the process is effective and fair to participants.

The changes are:

- Where there is more than 1 debtor on an action, the administration fee from the CFA has increased to £2 on each individual. Where there is only 1 debtor, the fee of £10 remains.
- On an annual basis, any debt created more than 7 years ago will be deactivated and removed from the system. All monies & suspension will be cleared and removed.
- On an annual basis, any debt whereby the entity did not affiliate in the previous season will be written off and any suspension imposed lifted.
- Leagues will be able to apply a £2 administration fee on all FDR applications

General

- Any suspension includes a suspension from all refereeing
- “No Review” sanctions have been removed. A Commission must impose a sanction relative to the offence and cannot insert a review period in order for the Participant to be aware of the full extent of their suspension.
