

## Cre8 Football-Volunteers Wanted for Girl's Football Project

Cre8 Football is a non-for-profit organisation based in South London who use sport and physical activity to meet the social, sporting and educational needs of the children, young people and families we work with.

Cre8 Football works with children and young people to impact their lives positively by promoting a healthy lifestyle, teamwork, respect, enjoyment, and positivity. In addition, we want to give children access to other positive role models which support them and YP to make better life choices. We promote values such as accessibility, affordability, respect, fairness, and perseverance.

We are looking for enthusiastic people to help in the development and delivery of female football (specifically 8-to-12-year old's). We require both in person and remote support to enable us to offer 'ad hoc, turn up and play sessions' and develop a female team. We are keen to offer the current and prospective girls involved with Cre8, the same or similar opportunities as we offer the boys.

We are looking for coaches, fundraisers, social media marketers, copy writers, designers, creatives, project managers, mentors, committee members, ambassadors & are willing to consider any support you can give.

### **In person volunteers:**

The volunteer must be available **at least** two times per month. Our girl's session is currently on Tuesdays, 5.15pm to 6.30pm. Additional sessions are likely in the future.

### **Remote volunteers:**

Dependent on role, we will consider volunteers with one off availability OR as a minimum, 4 hours a month.

In addition:

- Volunteers will have the opportunity to make a positive contribution to local community
- Volunteers will have the opportunity to meet new people in a friendly and positive environment and feel part of the club
- If required, uniform/kit provided
- Volunteers will have the option of additional opportunities with the club
- Reasonable travel expenses paid as agreed (in person volunteers)
- DBS required, which Cre8 Football will support the process of and cost for
