

Safeguarding Adults at Risk Policy

Norfolk County Football Association is committed to football being inclusive and providing a safe and positive experience for every adult participant involved in the game regardless of age, gender, gender reassignment, disability, culture, language, race, faith, belief or sexual orientation.

The Association recognises that some adult participants some may need additional safeguards and/ or protection. These adults are referred to as Adults at Risk.

The Association recognises its responsibility to safeguard and protect Adults at Risk, and to respond appropriately to any allegations or suspicions of abuse. Everyone who works with Adults at Risk has a responsibility to commit to this. If abuse is suspected, or reported,

The Association will work in partnership with the Adult at Risk wherever possible, depending on their capacity and the risk to them and others. The Association will also work in partnership with the police, the Disclosure and Barring Service, Safeguarding Adults Boards and local authorities so these organisations can carry out their statutory duties to safeguard and protect Adults at Risk.

When responding to abuse or allegations of abuse and considering the sharing of information, The Association will put the needs of the adult first, work in their best interests and take into account the six principles of safeguarding adults detailed in the Care Act 2014: empowerment; protection; prevention; proportionality; partnership; and accountability. These principles will underpin all work with Adults at Risk.

Policy last reviewed and adopted by the Norfolk County FA Board of Directors on 19 December 2019.
