# ILLUMINATE YOUR TRAINING

PERFECT FOR COACHES AND CLUBS, KEEPING TRAINING ON THE MOVE.

# iLITE CANNON

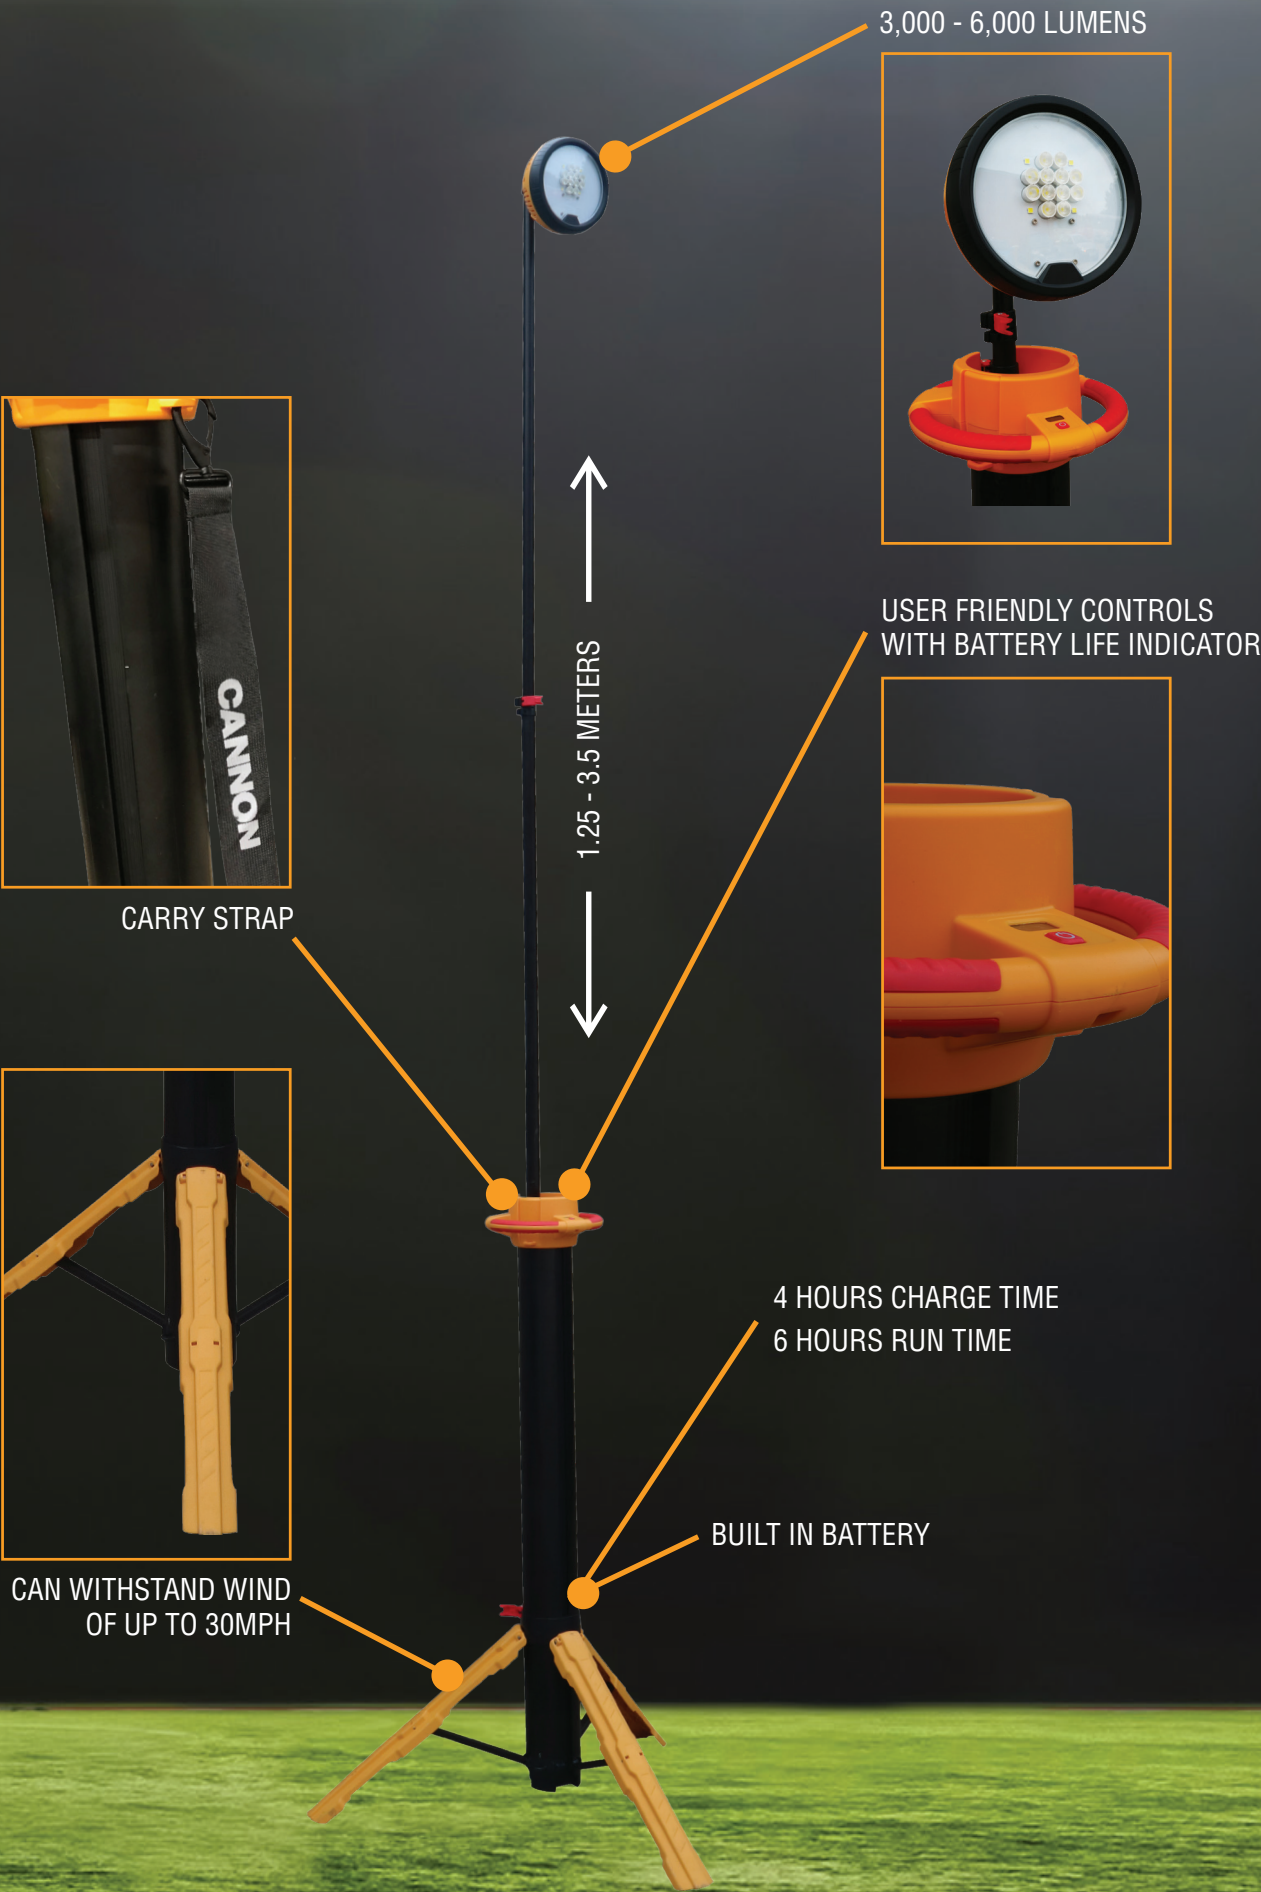

The iLite Cannon is a lightweight powerful and compact portable floodlight, designed to ensure a high quality of light is delivered to cover any training session. It has a high capacity built in lithium ion battery which provides 6 hours of light on full power producing 6000 lumens. Complete with carry bag and shoulder strap the Cannon is easy to transport and can be erected and illuminated in under a minute.

The cannon can be extended from 1.25m to a maximum height of 3.5m. The smart display and user-friendly control allows you to adjust the brightness from 50% - 100% (and back down again) and the built-in calculator will tell you how many hours of battery life you have remaining. The built-in lithium battery recharges in 4 hours and can be plugged into any domestic plug.

	6,000 LUMENS		WITHSTAND UP 30MPH WINDS
	BUILT IN LITHIUM BATTERY		1P67 RATED
	20,000+ HOURS OF LIGHT		1.25M-305M

20 x 20	4
40 X 30	6
60 X 40	8
90 X 55	10
110 x 70	12

# iLITE PRO

The iLite Pro is our most powerful portable floodlight yet, producing 36,000 lumens of light per tripod. The innovative Iguzzini floodlight design has allowed us to create the next generation light, which depending on the number of tripods would meet match approval for most sports for the winter.

The tripod can easily be extended from 1.5m to 5m, using the built-in winch system and the 4 individual floodlights are attached to the tripod using our iLite approved T-Bar. Each floodlight can be positioned to your specific requirements to ensure a greater spread of light over the playing surface. The iLite Pro is powered by the super-portable and ultra - lightweight EU10i 110V Honda generator. This model delivers 0.9kW of clean, quiet electricity (less than the sound of speech).

LAUNCHED IN SEPTEMBER 2019.

## FOOTBALL PITCH SPECIFICATION

PITCH SIZE	MINIMUM NUMBER OF LIGHTS
60 X 40	2
90 X 55	4
