

COVID-19 SAFEGUARDING RISK ASSESSMENT GUIDANCE

Version: 1.2

Published: 17 September 2020

FOR CLUBS

COVID-19 SAFEGUARDING RISK ASSESSMENT GUIDANCE

Important: If anyone shows symptoms of Covid-19 or has been in contact with someone displaying symptoms within the last two weeks, then they should stay at home and follow Government advice.

UPDATES TO THIS GUIDANCE

As of the 19th August, this guidance has been updated to provide clarification on the test and trace information on page 10.

The Government has provided information on what to do if a member of your household has symptoms and it is essentially that everyone follows this guidance. The information on the NHS Test and Trace and how it works can be found [here](#).

COVID-19 SAFEGUARDING RISK ASSESSMENT GUIDANCE (CONTINUED)

Carrying out risk assessments during the Covid-19 pandemic

Guidance for FA affiliated grassroots clubs, September 2020

INTRODUCTION

Affiliated clubs organising and/or hosting football activities have a legal duty to take reasonable care to avoid acts or omissions which are a reasonably foreseeable risk. A risk assessment is a systematic review of the tasks, jobs or processes involved when your club organises, facilitates and/or hosts football activities. The purpose is to identify the significant hazards, the risk of someone being harmed and deciding what further control measures you must take to reduce the risk to an acceptable level.

Risk assessments should cover all risks, including those associated with the Covid-19 pandemic and how the club intends to ensure that its members and activities will operate within the Government guidance.

The public health crisis is constantly developing and so should clubs' response to it. Clubs are responsible for ensuring that risk assessments are completed, continually reviewed in light of changing Government guidance, feedback and observations from staff. For example, Government guidance in respect of certain 'at risk' groups and what activities are permitted may change. This may significantly impact clubs' practices and what measures need to be in place.

RISK ASSESSMENTS – FIVE KEY STEPS

Club officials and coaches should keep the below five steps in mind at all times to ensure the safety of participants. Clubs should review the measures implemented in response to these regularly, particularly when Government advice or guidance changes.

- 1.** Keep up to date with Government and FA guidance. Please ensure that they are followed at all times and communicate the guidelines to all individuals connected with your club.
Please see the latest FA Guidance on Permitted Grassroots Activity During Covid-19 for more details click [here](#).
- 2.** Contact the club's insurance provider to ensure that your club is suitably covered to undertake activities in the current public health crisis. See additional notes below.
- 3.** Undertake regular risk assessments of the club's activities, ensuring that each one is named, signed and dated by those completing and approving it – see below for more details. Risk assessments are 'living documents' and should be updated and reviewed regularly and kept in active use to mitigate any new or changing risks. Undertake specific employee/volunteer risk assessments for anyone undertaking high-risk roles or tasks.
- 4.** Adapt activities and update the club's policies in light of steps 1-3. Policies to be updated include: Health and Safety Policy; and Data Privacy Policy to cover the handling of data where clubs capture data about attendees at sessions to aid the NHS Test and Trace service.
- 5.** Ensure that everyone – board/committee members, coaches, first aiders, volunteers, parents and players – is aware of the club's Covid-19 protocols.
- 6.** Do not undertake an activity if the club has any concerns about the safety of club officials and/or participants.

COVID-19 SPECIFIC CONSIDERATIONS FOR A SAFEGUARDING RISK ASSESSMENT

COMMUNICATIONS WITH PARENTS/CARERS RE ACTIVITY FOR CHILDREN

Coaching children during the current public health crisis will have its challenges, particularly with younger children.

Below is a non-exhaustive list of issues clubs may want to consider when preparing a risk assessment during the Covid-19 pandemic:

1. Communication with parents and carers is key when resuming the coaching of children. For The FA's guidance that has been published for parents and carers, see [here](#).
2. Gaining informed written consent for involvement in any activity.
 - a. Where a child is aged 15 years or younger then parents/carers must give informed written consent via a consent form or e-mail trail, before their child can take part in football activity. Clubs need to decide how they retain a record of those parents who have given consent (e.g. retain email, log consent form). NB: While The FA supports informed written self-consent from those aged 16 and 17 years of age – in these unusual times clubs may wish to seek parent/carer consent for these two age groups as well.
 - b. Clubs need to ensure that parents/carers are fully informed about any football activity being considered and the measures that are in place to ensure that the activity follows current Government guidance. Identify how the club will do this e.g. by providing written information to parents/carers outlining the activity being offered and measures being taken to manage risks via and inviting permission via a consent form (see [FA safeguarding Guidance Notes 8.2](#) for an example form), or via an e-mail.

If consent is sought via e-mail, clubs will need to ensure they use wording such as:

requires parental consent before your child takes part in any football activities.

By replying to this e-mail and stating “**I consent for my child to take part**”, you are confirming that you have read and understood the activities being offered to your child and agree with the measures the club has put in place to manage any risks, including its Covid-19 measures in line with current Government guidance.

A copy of the club's risk assessment/management documentation (**can be found here/is attached to this email**)

If your child has any specific medical conditions, please ensure that you discuss these with the club welfare officer and/or coach and agree the best way to support your child's needs e.g. you staying to watch nearby and taking responsibility to administer the medication. For your information the club may use a form such as the one in

[FA safeguarding Guidance Notes 8.2](#) to gather any relevant information from you. If your child has had Covid-19, or symptoms for more than seven days, you must seek medical approval from your family doctor before they can restart any football activity.

If you wish to withdraw consent to your child participating in any or all activities, please notify

in advance, or as soon as possible.

COVID-19 SPECIFIC CONSIDERATIONS FOR A SAFEGUARDING RISK ASSESSMENT (CONTINUED)

3. Parents should be told to ensure that their child has their own water bottle, hand sanitiser, sun cream and any necessary medication (e.g. inhaler). All items belonging to their child should be labelled with their name and should not be used by anyone else.
4. The period of isolation may have caused some children to become anxious or unsure about resuming activity. Clubs should only support their return to football when they and their parents/carers feel confident for them to do so. Clubs should offer to speak to parents of children about potential issues if needed and make gradual introductions if needed, particularly when needing to incorporate new protective measures.
5. For more information on safeguarding children and the suitability of staff and volunteers please see The FA's guidance found [here](#).

COVID-19 SPECIFIC CONSIDERATIONS FOR A SAFEGUARDING RISK ASSESSMENT (CONTINUED)

VENUE

Key considerations for clubs when drafting a risk assessment:

1. ARRANGEMENTS REQUIRED TO MAINTAIN SOCIAL DISTANCING

- If the venue is open to the public, consider how this will be managed in relation to the Club activity to maintain social distancing;
- Signage to direct the flow of people to assist social distancing;
- Ground markings to remind people of social distancing;
- Reduce congestion at entrances and exits;
- Access to and from toilet facilities;
- One-way systems in/out;
- Consider how parking arrangements will be affected.

2. FACILITIES

- Clubs should ensure that they provide accessible facilities and comply with health and safety legislation;
- Ensure access is still provided to accessible toilets, accessible parking bays and accessible access into facilities;
- Changes to toilet facilities, their location and accessibility including access to hand-washing facilities. Consider the possibility that individuals may not be able to access a toilet to wash their hands and what alternative access to clean water could be put in place;
- Ensure participants arrive changed and ready to exercise and leave immediately after the activity.

3. PROMOTE GOOD HYGIENE AND REGULARLY CLEAN FACILITIES

- Facilities and equipment must be kept clean – if the club has its own venue, ensure regular daily cleaning of the facilities. In particular, identify high contact touch points for which should be cleaned on multiple times across the day more regular cleaning (e.g. door handles, grab rails and vending machines). Follow the Public Health England guidance [here](#) for cleaning in non-healthcare settings and if a Covid-19 case is reported at the facility;
- Direct people to where they can wash their hands;
- Provide signage to remind people of the importance of washing their hands thoroughly;
- Players should be informed that spitting should be avoided, as the main mode of transmission of the virus is in respiratory secretions. In addition, clubs should consider enforcing a complete ban on chewing gum, as it is either spat out or rolled into a ball and taken out and thus poses a high risk of cross contamination. Club officials may wish to put a disciplinary measure in place in relation to spitting and chewing gum;
- Ensure participants bring their own named hand sanitiser for when soap and water is not available (use alcohol-based hand sanitiser);
- Provide paper towels for drying hands and sealed bins for placing paper towels and tissues in. If there is any concern that someone may have had symptoms of, or been infected with Covid-19, ensure these are double-bagged in line with Government guidance;
- If hiring a facility, ask for details on how the facilities are compliant with the Government's guidance and ensure club officials are familiar with the procedures that should be followed.

COVID-19 SPECIFIC CONSIDERATIONS FOR A SAFEGUARDING RISK ASSESSMENT (CONTINUED)

4. TRAVELLING TO AND FROM THE VENUE

- Encourage socially-distant forms of transport (e.g. cycling and walking). All other forms of transport should be considered before public transport;
- Government guidance should be followed at all times;
- Adults and children should only travel with a member of their household or someone within their 'support bubble'. Please note that separated parents, living in different households and those in 'support bubbles' announced by Government on 10 June 2020, can also car share.

5. PARENTS ATTENDING

- Discuss with club officials and parents the options of how best to manage social distancing amongst parents who bring their children to the activity, e.g. staying in their own cars, or in separate social-distancing 'gatherings' of up to six people.

COVID-19 SPECIFIC CONSIDERATIONS FOR A SAFEGUARDING RISK ASSESSMENT (CONTINUED)

HEALTH CHECKS, INJURIES AND ILLNESS

Please refer to medical training and check if a current Medical Emergency Action Plan (MEAP) has been written for the event or venue. See also The FA First Aid Guidance.

If there is a first aider or other medical personnel present, they should be equipped with the appropriate Personal Protective Equipment (PPE) before treating anyone to protect themselves and others should they need to compromise social distancing guidelines to provide medical assistance during training or matches. They should have updated themselves on any changes in first aid procedure that will be required as a result of the pandemic. This should be obtained from their training organisation or from Resuscitation Council guidance.

1. HEALTH CHECKS AND INSURANCE

Before travelling to the session

Clubs should request that each participant undertakes the following self-screen check list before travelling to a training session or other football activity. If they answer 'yes' to any one of them they should not travel to the training session and follow all applicable Government Guidance (e.g. call NHS 111). It is important to remember some people can pass on the virus before they develop symptoms, or never have symptoms despite being infectious. Despite everyone's best efforts, these cannot be screened out of training.

Each participant should self-screen prior to arrival at training to ensure they do not have any of the following symptoms (confirmed by a parent for those under age 18), as these are potential indicators of Covid-19 infection.	Check negative	Check positive
A high temperature (above 37.8°C) <ul style="list-style-type: none">Some clubs may include on-site temperature checking of participants as part of their SOP, this is more relevant to clubs who employ medical staff.		
A new continuous cough.		
Shortness of breath.		
A sore throat.		
Loss of or change in normal sense of taste or smell.		
Feeling generally unwell.		
Been in close contact with/living with a suspected or confirmed case of COVID-19 in the previous two weeks.		

COVID-19 SPECIFIC CONSIDERATIONS FOR A SAFEGUARDING RISK ASSESSMENT (CONTINUED)

Arrival at the venue

Coaches at the club should check that each participant completed the self-screen check list before attending and if so, if the self-screen checks were negative for all participants. Ensuring everyone understands the importance of this simple process being completed before travelling is essential to avoid potential transmission.

If a participant says they forgot to self-check before their arrival, then the coach should ask them the health check questions before they join any group at the facility. If they answer 'yes' to one or more of the questions, participants must not take part in the activity and should be told to safely return home.

During the session

Please refer to The FA First Aid guidance, for how to manage the situation if anyone appears to be symptomatic during the session. You can find this guidance [here](#).

2. INJURIES

If a player gets injured, a member of their household or support bubble, can aid them if for example they are watching from their car, but others will still need to socially distance unless a life threatening, or serious injury necessitates compromising guidelines to provide emergency care.

In all cases, NHS guidance on further management should be followed.

3. INSURANCE

- Clubs must ensure that the relevant Insurance provisions (public liability and personal accident cover) are in place and that there is suitable cover for training sessions and other football activities taking place during the Covid-19 pandemic. See footnote 1.
 - Even with the insurance cover, clubs must still follow Government guidance, to ensure that they do not risk invalidating their insurance cover.

COVID-19 SPECIFIC CONSIDERATIONS FOR A SAFEGUARDING RISK ASSESSMENT (CONTINUED)

PLANNING TRAINING SESSIONS AND OTHER FOOTBALL ACTIVITIES

1. EQUIPMENT

Please refer to the 'Useful information' section below for Government guidance on cleaning in non-health care settings.

Key considerations for clubs:

- Clean equipment between uses:
 - Identify who will regularly maintain the equipment hygiene e.g. balls, cones, goalposts and bibs;
 - Thoroughly clean the equipment e.g. balls, cones, goalposts, etc.;
 - Bibs should not be used unless they can be washed between sessions.
- Limit sharing of equipment where possible:
 - Ensure equipment is handled as little as possible by as few people as possible;
 - Each participant should bring to training their own water bottles, sun cream and medication each of which should be clearly labelled with their name.
- Have strict hand hygiene:
 - If individuals are going to share equipment, including balls, always ensure the individuals' hands are thoroughly cleansed using alcohol-based hand gel, if clean running water and soap are not available, before and after use.

2. FOOTBALL AND TRAINING ACTIVITY

- You may choose to keep a register on a voluntary basis, of anyone attending sessions, to help manage 'NHS Test and Trace', if an infection is reported to someone present. If you do choose to do this, any information collected for the register must (i) only be shared with the NHS in the event that it is requested for test and trace purposes and must relate to the match or training in which the player or supporter tested positive (ii) be deleted after 21 days and (iii) you must ensure that you comply with the Data Privacy Policy whilst it is being held.

- Clubs should carefully plan each training session or football activity and ensure that they are structured to ensure that the Government guidance are maintained.
- Consider whether pitch markings or cones can be put in place to ensure that social distancing is maintained.
- Competitive training can take place for all participants, in an outdoor setting provided this takes place in groups of no more than 30 (including coaches). Ensure activities follow the latest guidance.
- If space allows, increase social distancing between players during heavy exertion.

USEFUL INFORMATION RELATING TO COVID

- The CDC (Centres for Disease Control and Prevention) provides information on how to wash your hands, both with soap and water and hand gel, link [here](#);
- [Government guidelines on handwashing](#);
- See The FA First Aid guidance for infographics on hand washing and hand rubbing;
- Follow Public Health England guidance for cleaning in non-healthcare settings and if a Covid-19 case is reported at the facility [here](#);
- [Government's guidance on the return of sport](#).

NB: This risk assessment does not include travel, trips and tournaments for teams or overnight accommodation as these are currently not allowed under Government guidance.

GRASSROOTS CLUB SAFEGUARDING RISK ASSESSMENT

EVENT DETAILS

GRASSROOTS CLUB SAFEGUARDING RISK ASSESSMENT (CONTINUED)

BELOW IS A NON-EXHAUSTIVE LIST OF ISSUES CLUBS MAY WANT TO CONSIDER WHEN PREPARING A RISK ASSESSMENT DURING THE COVID-19 PANDEMIC:

Area of risk	Is there an additional risk to children?	Is there an additional risk to disabled ¹ or impairment-specific participants (children and adults)	Risk rating: red, amber, green (RAG)*	Solution/mitigation (Consider what if...?)	Solution/mitigation RAG rating	Review post-activity and by whom
EXAMPLE Informed written consent to participate.	EXAMPLE Yes, must have parent/ carer consent. Additional risks, e.g. younger age groups – understanding of social distancing is limited.	EXAMPLE Possibly, it depends on the disability or impairment. Discuss with participants to assess this.	EXAMPLE Amber	EXAMPLE Parents/carers to be advised of Covid-19 arrangements prior to consenting for their child to participate. Discuss with adult participants.	EXAMPLE Amber as not been done before. Implement in line with guidance, note impact and review.	EXAMPLE Majority of children managed social distancing, work with relevant parents to reinforce with a handful.
Parents briefed on activity and have given informed written consent to do activity 8.2 ²						
Consent to be photographed/filmed 8.2 and 8.3						
Consent for contact via social media and to have info on/be visible on social media 6.1 and 6.2						

¹ Disability is a protected characteristic, under the Equality Act, 2010. Clubs should champion inclusive football activity in line with their equality and/or inclusion policies

² These numerical references refer to downloads on the safeguarding section of The FA.com [here](#)

* Risk ratings: red (serious issues and risk/interventions needed immediately); amber (some issues/being managed/needs monitoring); green (on track).

GRASSROOTS CLUB SAFEGUARDING RISK ASSESSMENT (CONTINUED)

Area of risk	Is there an additional risk to children?	Is there an additional risk to disabled ¹ or impairment-specific participants (children and adults)	Risk rating: red, amber, green (RAG)*	Solution/mitigation (Consider what if...?)	Solution/mitigation RAG rating	Review post-activity and by whom
Data Privacy Policy/ Notices updated to cover data handling of attendees to aid NHS Test and Trace						
Clear procedures for referring safeguarding concerns and managing allegations against staff 2.1 & 2.2						
Children and parents/ carers given DSO details & how to raise concerns 7.1						
EXAMPLE Staffing ratios: - Clearly defined lead and support roles.	EXAMPLE Yes – lead coach and 2nd adult. Brief both on roles and responsibilities.	EXAMPLE Yes – check individual understanding with staff and adult players.	EXAMPLE Red	EXAMPLE Follow Government Covid-19 and FA guidance. Discuss risks and how being managed.	EXAMPLE Green	EXAMPLE Review learning and share across club.
Staffing ratios: <ul style="list-style-type: none"> Defined lead/support roles; Supervision under-18 volunteers. 5.5						

* Risk ratings: red (serious issues and risk/interventions needed immediately); amber (some issues/being managed/needs monitoring); green (on track).

END NOTE:

Clubs are advised to undertake regular risk assessments of the clubs activities, ensuring that each one is named, signed and dated by those completing and approving it. Risk assessments are 'living documents' and should be updated and reviewed regularly and kept in active use to mitigate any new or changing risks. Clubs should undertake specific employee/volunteer risk assessments for anyone undertaking high-risk roles or tasks.

DISCLAIMER:

This guidance is for general information only and does not constitute legal advice, nor it is a replacement for such, nor does it replace any Government or PHE advice; nor does it provide any specific commentary or advice on health-related issues. Affected organisations should therefore ensure that they seek independent advice from medical practitioners, or healthcare providers, prior to implementing any re-opening plan, as required. Independent legal advice should be sought, as required and depending on your, or relevant circumstances.

While efforts have been taken to ensure the accuracy of this information at the time of publication, the reader is reminded to check the Government website to obtain the most up-to-date information regarding social distancing and any other Government measures.
