

# YOU can make a difference

60,000 people lose their lives to Sudden Cardiac Arrest (SCA) each year in the UK

## Community Public Access Defibrillator (CPAD)

Placing a defibrillator in your community helps save lives and WEL Medical works with your local Ambulance Service to raise awareness and access to Community Public Access Defibrillators (CPADs).

The iPad SP1 defibrillator is easy to use with clear voice instructions. WEL Medical is offering you an exclusive package that includes:

### iPAD SP1 defibrillator

- 2 sets of dual adult/child pads
- 2 rescue starter kits (nitrile gloves, face shield, prep razor, wipes, tough cut scissors)
- High capacity lithium Battery (5 year life)
- Pads adaptor for use with Frontline ambulance devices
- 10 year warranty (register at [members.ipad-aed.com](http://members.ipad-aed.com))

### Features:

- Clear voice commands with indicator lights
- Adult/Child switch mode
- Visual indicator shows unit status, pad status, battery life
- Ambient noise detector adjusts volume
- SD Card Port – data can be transferred easily

### PLUS High Visibility Carry Case
