# Welcome

Welcome to Brunton Park, the home of Carlisle United Football Club for today's PlaySafe game! Today we welcome Gosforth Juniors and Ibis Under 10's for what promises to be a great game and occasion.

We would first of all like to thank Carlisle United, Kendal Town and Workington AFC for agreeing to donate the use of their stadium for matches over the next few weeks to highlight the importance of safeguarding in football.

A special thank you to everyone that entered the PlaySafe competition this season! Both county FA's increased the amount of parents/carers holding a safeguarding qualification significantly and this will only go towards making football a safer environment for all.

## Walter's Notes

We don't keep the score in mini soccer, so we can't share any stats, however, please see a mini preview of what to expect from Gosforth.

A good under 10's team that have really captured the spirit of the game. Several parents matched the enthusiasm of the players and signed up for the PlaySafe competition and here we are so thank you!

This young team from Gosforth have a never give up attitude and keep playing to the very end.

According to the clubs facebook page... the efforts can reach 120%!! WOW!

We hope you all enjoy the game today!

## Walter's Notes

We don't keep the score in mini soccer, so we can't share any stats, however, please see a mini preview of what to expect from Ibis.

A picture that paints a thousand words! Above you will see Ibis JFC celebrating a big win for the team.

This IBIS JFC team have been showing vast improvements and have continued to play the right way for all their time as a team.

Ibis have a great community spirit as a club and work really hard to ensure that football is played and enjoyed by their community. We would like to thank their parents for getting involved and completing the safeguarding course.

# Kirkby Stephen v Kendal United

Last season Westmorland FA ran a similar competition The game was played before the Senior Cup Final, between Kirkby Stephen and Kendal United under 7's! A great end to end fixture, with plenty of goals, wild celebrations and enthusiasm.

Everyone enjoyed the game but the highlight for the players was walking out to the Champions League music!

# Brunton Park

Brunton Park in Carlisle, England, is more than just a football stadium; it's a historic landmark that has been the heart and soul of Carlisle United Football Club since 1909. The ground boasts a capacity of nearly 18,000, making it the largest football stadium in England to still incorporate traditional standing terraces. Over its century-long existence, Brunton Park has witnessed its fair share of drama, most notably Jimmy Glass the goal scoring goalkeeper who kept the Cumbrians in the Football League.

Despite facing challenges like floods in 2005 and 2015, Brunton Park retains its unique charm. The stadium offers a mix of modern amenities in the Main Stand alongside the characterful Warwick Road End, a mostly residential area bordering the pitch. This blend of old and new creates a special atmosphere on match days, with passionate fans generating a vibrant energy that spurs Carlisle United on.

# How we got here!

First of all thank you! Thank you every parent, carer, grandparent, coach or volunteer that took the time to complete the Parents and Carers safeguarding course. This season we have seen a huge increase in positive behaviour at football clubs and these courses surely help us all create a safe environment.

The PlaySafe campaign was a huge success and when proposed to Carlisle United, Kendal Town and Workington AFC we soon realised we could make this a success.

There was a huge amount of work behind the scenes, we had to order over three thousand bingo cards to distribute to players, liaise with FA IT so we could record the data from the course and then logistically deliver the card to all parents in our mini soccer clubs.

During this process we also delivered meetings and spoke to team managers and club officials about the importance of the course.

Both county FA's can honestly say we are so pleased with the response!

If you haven't completed the course and would like to, please scan the QR Code!
