FINDING FUNDING:

A guide for clubs/organisations looking to secure partnership funding to improve their facilities

WHO IS THIS GUIDE FOR?

This guide aims to provide clubs/organisations (affiliated to West Riding County FA) with some useful information regarding potential partnership funding opportunities that they may be able to access in order to support their grant applications with the Football Foundation.

WHAT IS PARTNERSHIP FUNDING AND WHY WOULD A CLUB/ORGANISATION NEED IT?

The [Football Foundation](#) support the development of football facilities across the country by providing grants to support projects that clubs/organisations hope to deliver in order to grow the grassroots game. This could be for smaller projects such as replacing goalposts, building fencing or improving the quality of grass pitches – to larger projects such as building club pavilions or 3G pitch developments. More information about this can be found [here](#).

Any project that receives financial support in the form of a grant from the Football Foundation would also require the club/organisation applying for the grant to secure additional partnership funding (funding from other sources) in order to deliver the project successfully. The amount of partnership funding required will depend on the size and scale of project that clubs/organisations are aiming to deliver and the outcomes that will come from this.

LOCAL AUTHORITY COMMUNITY COMMITTEE GRANTS

Local Area Community Committees across the county provide a forum for local people to have their say about what happens in their community. The Community Committees also allocate money for local projects and activities.

Each year funds are allocated to projects that will benefit the local area and address local priorities. These funds are available for community groups, charities and other public services.

For details of how to make an application please contact your local community committee (see below):

OTHER PARTNERSHIP FUNDING OPPORTUNITIES

ORGANISATION:

BIFFA AWARD

Biffa Award gives grants to community projects near landfill sites. They build communities and transform lives.

FUNDING AVAILABLE:

RECREATION

Projects under the Recreation theme can include new play equipment; landscaping works, including boardwalks, trees and shrubs; skate parks; woodland walks; nature trails; outdoor gyms; and building works within communal areas of sporting clubhouses (such as kitchen and toilet facilities) which have a wider community use and are not for the sole use of sports club members. It generally includes projects that benefit people within their free time. Under this theme an applicant will have to show evidence of wider community use, involvement and consultation.

COMMUNITY BUILDINGS

Projects under the Community Buildings theme include those which improve buildings at the heart of their communities – such as village halls, community centres and church halls. They can include building refurbishments and internal works to kitchens, toilets, roofs, flooring, window, doors and heating systems. Applications from churches must be able to demonstrate a wider community use and benefit – such as youth groups, special interest groups, exercise groups etc. Under this theme an applicant will have to show evidence of wider community use, involvement and consultation.

- *The project site must be within five miles of a significant Biffa operation or within 10 miles of an active Biffa Landfill site. Check your project's postcode using the Postcode Checker.*
- *The project site must also be situated within 10 miles of any licensed landfill site. To find your nearest landfill site, telephone the regulator Entrust on 01926 488300.*
- *The site must be owned by the applicant or there must be a signed lease of more than 10 years in place between the applicant and the landowner.*
- *The total cost of the project must be less than £200,000 inclusive of VAT.*
- *The applicant organisation and project must be eligible for enrolment and registration with the scheme's regulator, ENTRUST. Enrolment will be a condition of any grant approved.*
- *Organisations must be not for profit. Local authorities and schools cannot apply.*
- *There must be a minimum of 104 days of full public access to the project per year.*
- *The grant must be used for site-based improvement work, not for movable equipment, storage facilities or staff as core costs.*
- *Biffa Award is unable to fund retrospectively, so you should only apply for funding for work that will take place in the future.*
- *Biffa Award is unable to fund sporting related projects including, but not limited to floodlighting, nets/equipment and irrigation systems. However, we do consider applications from sport clubs for the building works or improvements to clubhouse facilities, that can demonstrate multi-usage within the wider community, and that are not for the sole use of the sports club or any other organisation.*

SAPCA

Building or renovating a sports or play facility can be stressful. SAPCA is here to support you, with expert knowledge and understanding to help you make better choices.

FUNDING AVAILABLE:

SEE SAPCA'S LIST OF CURRENT FUNDING OPPORTUNITIES

Securing funding for your sports and/or play project can be critical yet challenging. Find out how to access finance opportunities.

Before you embark on a project it is important to know realistically how much funding is likely to be available for your project. In some cases, access to finance could be the difference between a project going ahead or not.

By this point you should have an idea of project cost; remember to factor in maintenance of your facility, plus playing surface or equipment into your budget. Funding to help you meet that cost may be available from any one of a number of potential sources depending on the type of project, any potential employment or wider community benefit, location and other factors.

SAPCA provide a list of current funding opportunities, which covers capital project funding support currently available for projects in the UK. It does not cover local small trusts and local authority grants. Please note that funding opportunities are constantly changing.

WHAT ELSE CAN YOUR CLUB/ORGANISATION DO?

SPONSORSHIP

Sponsorship can be a great way to generate income and form a partnership with a local business or organisation.

Sponsorship isn't free money, however. It requires time and resources to be successful and it should be seen as a two way mutually beneficial relationship between your club and the sponsor. Think about the different types of sponsorship a company could offer your club including:

- **Sponsorship fee** (e.g. for sponsoring the club kit, match, equipment etc.)
- **Provision of resources** (e.g. volunteers to help out at your club for the day or at an event)
- **Provision of products or services** (e.g. an electrical company providing energy efficient lighting or a local builder providing some facility maintenance work)

Find out more about sponsorship, including things to think about before engaging with sponsors [here](#).

SNAP SPONSORSHIP

SNAP helps clubs promote their opportunities to a wider audience while sharing best practices when it comes to negotiating and securing sponsorship, all within one easy-to-use platform.

FUNDRAISING

LOCALGIVING

Localgiving's mission is to strengthen UK communities by safeguarding the sustainability of the local voluntary sector.

They do this by supporting local charitable organisations to diversify their income through online fundraising. They provide tools, training and advice to help local groups connect with supporters online, improve their digital skills and develop practical fundraising experience.

Localgiving are also a leading advocate for the sector and work to raise awareness and support for local groups from the public, government and businesses.

WHAT ELSE CAN YOUR CLUB/ORGANISATION DO?

MEMBERSHIP FEES

Many sports clubs rely heavily on income generated from membership fees, so it's important to get these set at the right price.

Ideally your membership fees should cover the day-to-day financial running costs of the club.

Additional income generated can then be used to improve and develop your club and to build up a sinking fund to cover unexpected events. Below are some questions to ask yourself when thinking about your sports club's membership fees:

- Have you researched to see if your subscriptions are competitive with other local clubs or activities?
- Do your fees reflect the value of what your sports club offers? For example, the playing opportunities, coaching, facilities, social activities, etc.?
- Is there scope to increase the fees, or should they be reduced to attract more people?

Remember, raising membership fees can be an emotive issue so make sure your members know exactly what they are getting for their money and also let them know how your club is funded overall. Often a rise in membership fees is more acceptable if members are more informed about the financial position of the club.

CROWDFUNDING

When people talk about crowdfunding, they mean using websites to organise fundraising campaigns.

Crowdfunding sites host campaigns which act as a means to promote the campaign. They usually feature a video, some text explaining what you're seeking to raise and why, and manage payment online via credit or direct debit.

The platform automates the process of getting the money from your funders and getting it all to you in the event of success. There's lots of platforms available to use. Most charge around 5% + VAT of what is raised on a no-success, no fee basis.

Crowdfunding online gives several important advantages. Firstly, moving away from cash makes managing funds easier and less stressful. By using cards, there's no need to have procedures in place to manage theft, danger to volunteers from theft and lots of trips to a bank. And, by using online methods, people aren't restricted to what funds they might have in their wallet at the time you ask, so average donations can be higher.

Secondly, it can broaden the reach of a campaign beyond the immediate users or local people and tap into families, friends and people who might once have had a connection to a club but have moved away and now use social media platforms. Finally, as an online form, people invest and you get their email addresses and other details, so you have a means to keep on engaging with them and build the stronger relationships which can be harder with cash or cheque-based campaigns. Eligible organisations can also claim Gift Aid as part of a crowdfunding campaign.

SPACEHIVE

Spacehive is a funding platform for ideas that bring local places to life: everything from sprucing up the park, or improving a playground, to starting a street market. If you [create a page](#) for your project idea it will be matched to funds from councils, foundations and companies that might want to help.

The aim is to provide a powerful springboard for ideas that make communities happy, proud and prosperous.

Fundraising campaigns on Spacehive have the highest success rate of any crowdfunding platform in the UK and we are used by tens of councils, companies and foundations to fund place-based community projects - from the Mayor of London to The Arts Council.

Club Matters is a Sport England Lottery funded programme that provides free resources, support, guidance and workshops to:

- *Grassroots sports clubs, groups and community organisations.*
- *The professional workforce that supports grassroots sports clubs, groups and community organisations.*

Club Matters resources are designed to support organisations who are looking to set up, develop, grow, reach out to new communities and maximise their engagement with new and existing members, participants and volunteers. If you are part of a large, small, formal or informal group, or work to support the development of these organisations, Club Matters is here to help you.

GENERATING INCOME AND REVENUE

This section has simple advice, guidance and easy-to-use resources to help you with all aspects of generating income and revenue.

COMPANIES CORPORATE SOCIAL RESPONSIBILITY

Many big corporations will run grant schemes in the communities where their branches, factories or distribution centres are based.

Look at a directory of local businesses and check out their websites for 'community' sections, where details may be listed.
