

## How to enter Suspension matches for cases

Following a participant receiving a suspension it is important that details of the suspension games are entered on Whole Game System (WGS) at your earliest convenience. You can enter all suspension games or part of a suspension if you do not have the full amount of fixtures required. These suspension games can be amended if there are any new or cancelled fixtures.

Below you can see the process for entering a suspension. For guidance with other aspects of WGS please see our other user guides – managing notifications, acknowledging cautions and dismissals, discipline invoicing and acknowledging a misconduct case.

Only secretaries have access to the discipline functions however a secretary can allow access to other members of the club by making them a discipline officer within the ‘club officials’ area.

Once logged in you will be required to click your club tab:

Immediately you will see “Current Suspensions” and “Pending Suspensions”. Any suspension showing here without an end date requires suspension information. “Current Suspensions” are suspensions that are currently active, “Pending Suspensions” are suspensions that are due to start in the future:

We suggest that all clubs login to Whole Game and check for outstanding suspensions. Any player found to be playing under suspension will face a charge from the association as will the club he/she played for.
