

# WE'RE COMING TO DEVIZES

Wiltshire Football Association (FA) is bringing football to the centre of Wiltshire with the development of a new facility in Devizes.

The £1.7 million project, funded by various partners including Wiltshire FA, The FA, Devizes Town Council and the Football Foundation, aims to improve quality and access to football facilities in Wiltshire.

The new football facility in Devizes will give Wiltshire FA, and the local partners an opportunity to increase participation across the grassroots game.

Wiltshire FA are keen to work with all stakeholders, both in the public and private sector, to continue to use the power of grassroots football to contribute to the local economy and health and wellbeing agenda.
