

3G PITCH REVIVE MAINTENANCE

REPLAY.

REVOLUTIONISING MAINTENANCE

ON EVERY VISIT, YOU WILL GET:

- Removal** of debris and leaves from surface.
- Sweeping** of the surface using integral rotating & rigid brush system
- Decompaction** of the top 20-25mm of rubber infill
- Lifting** of the free pile/fibre
- Deep Cleaning** of the infill, removal of fine contaminants and dust
- Re-distribution** of the clean particulate to provide even coverage.
- Dead Weed Removal** to perimeter of surface.
- Repair** of up to 5 linear metres of restick (as necessary)
- Maintenance Report** – on each visit carried out by our Technician.
