RED CARDS

Red Card suspensions apply across both league and cup competitions as set out in the tables below. However, if the sending-off occurs in an EFL Trophy or National League Cup match, the suspension must be served exclusively in that competition unless The FA specifies otherwise. A second dismissal in a season adds one extra match suspension to the relevant number listed below, a third adds two matches, and so on.

- The Senior County Cup will not be treated as a First Team fixture and cannot be used to serve suspensions for First Team matches. Any Misconduct for the Senior County Cup will be dealt with by the County FA as Non-First Team Misconduct.

Category 4: Clubs in the Premier League, EFL Leagues, the National League, WSL and WSL2 playing Friendly matches.

- A sending-off offence by a Player will result in that Player receiving an automatic suspension of one match.
- Such automatic suspension can only apply to matches played by Clubs falling within Category 4.

RETROSPECTIVE ACTION

- The FA can take retrospective action for potential Red Card offences not fully seen by the Match Officials.
- In serious or unusual cases, The FA may also act even where an incident was witnessed or dealt with by Match Officials.
- The FA can consider retrospective action for successfully deceiving a Match Official, including: (a) a clear act of simulation leading to a penalty or the dismissal of an opponent, and (b) handling the ball in a direct and successful attempt to score. Proven cases carry an automatic two-match ban.
- Players who are dismissed must leave the field promptly and not react confrontationally or aggressively towards match officials. Players can be reported for their reaction and may face further disciplinary action.

SURROUNDING MATCH OFFICIALS

- Match Officials must report incidents where two or more Players from one Club surround them in a potentially confrontational manner.
- Clubs may face significant fines for such incidents, with considerably greater sanctions for repeat offences.

MASS CONFRONTATIONS

- Match Officials must report incidents where two or more Players or Club Officials confront opposing Players or Club Officials.
- Clubs may face a significant fine for such incidents, with sanctions rising considerably for repeat offences.

GOAL CELEBRATIONS/INTERACTION WITH CROWD

- Inflammatory celebrations or those that cause crowd issues can lead to disciplinary action and potential match bans. A Referee may act at the time and The FA may take additional action if necessary.
- Do not celebrate directly in front of opposition supporters, this has led to missile throwing and risks injury to players and supporters.
- Likewise, celebrating too close to your own supporters can cause crowd surges and/or pitch incursions, which have injured supporters and stewards in the past. The FA may take retrospective action in these circumstances.
- Take care with gestures to opposing Players, officials or the crowd. An abusive, insulting or improper gesture can lead to dismissal and/or retrospective disciplinary action.
- Disciplinary action can be taken for gestures with a negative or inappropriate meaning elsewhere in the world, even if not widely known in England.
- Any abusive, insulting or improper language or behaviour that The FA considers directed towards a camera may result in disciplinary action.
- You are reminded not to approach any spectators who enter the pitch. Dealing with such incidents is the responsibility of stewards.
- Do not intervene in any matter being handled by stewards or the police, as this can often lead to further problems.

WHAT SHOULD I DO IF A PYROTECHNIC IS THROWN ONTO THE PITCH?

- If a pyrotechnic device is thrown onto the pitch, move well away from it and do not attempt to remove it yourself, as such matters are dealt with by safety stewards.
- In recent seasons, several players have been charged by The FA for celebrating with pyrotechnic devices.

AM I ALLOWED TO REVEAL A MESSAGE UNDERNEATH MY SHIRT?

- Law 4 of the IFAB Laws of the Game states that Players must not reveal undergarments showing any slogans or advertising. The basic compulsory playing equipment must not have any political, religious or personal slogans, statements or images. If you breach this Law, it may be reported and you and/or your team could be subject to a sanction.

ANTI-DOPING

WHAT DO I NEED TO KNOW ABOUT ANTI-DOPING DRUG TESTING?

You can be drug tested at any time and location, including after a game, at a training session, at home or when you are overseas. You will be asked to provide a urine and/or a blood sample and may get tested multiple times during the season.

KEY FACTS ABOUT BEING TESTED

- All testing will be without advance notice. This means no warning will be given of the test.
- Do not refuse to take the test as this may lead to a 4-year suspension from football.
- You must stay in full view of the Doping Control Officer (DCO) or Chaperone from the moment you have been notified that you have been selected for testing until the process is complete.
- If you are selected for a drug test you are required to report to the Doping Control Station (DCS) immediately.
- You will be asked to remove enough clothing so that the DCO can directly observe the passing of the urine from the body into the collection vessel.
- Excessive fluid consumption during the doping control process can place you at risk of dilutional hyponatraemia (water intoxication), where salt levels fall due to over hydration. In addition, if your sample is too dilute, then you will be required to provide an additional sample(s).
- Please show respect to the Anti-Doping Officials at all times during the process.

WHAT CAN I BE CHARGED WITH?

Some of the things for which you can face disciplinary charges relating to drug testing are:

- The presence of a banned substance in your sample.
- Evading sample collection, refusing or failing to provide a sample.
- Failing to attend the DCS immediately.
- Using abusive or insulting words or behaviour to a Doping Control official.
- Tampering or interfering with the drug testing process.

In addition, you can face disciplinary charges for other anti-doping offences including:

- Using a banned substance.
- Having possession of a banned substance.
- Trafficking or administration of a banned substance.
- Assisting another person in breaking the Anti-Doping Regulations.
- Associating with Player Support Personnel who are serving a ban for an anti-doping offence.
- Acts that threaten or seek to intimidate another to discourage them from sharing information about doping (also referred to as whistleblowing), or retaliating against another for doing so.

Any breach of the Anti-Doping Regulations is serious and could lead to a significant period of suspension, for example refusing a drug test may lead to a 4-year suspension for a first offence.

HOW CAN I CHECK WHETHER I AM ALLOWED TO TAKE A MEDICATION?

Medications that are used in everyday life may contain banned substances.

This includes medications prescribed by your doctor and those bought over the counter at a pharmacy or off the shelf at a supermarket. Examples include some cold and flu remedies. In addition, be aware that certain asthma inhalers are banned or only permitted up to a certain threshold.

ALWAYS CHECK WITH YOUR CLUB DOCTOR BEFORE TAKING ANY MEDICATION AND CHECK WWW.GLOBALDRO.COM

If you have a legitimate medical condition and need to use a banned substance or method, you should check whether you need to apply for a Therapeutic Use Exemption (TUE). A TUE is only accepted if there are no other suitable permitted medications or treatments that can be used, and there is a strict, detailed process to determine this. You can find out more information about the TUE process on the UK Anti-Doping website where you can use the TUE Wizard to find out whether you need to apply for a TUE, and where your application should be submitted.

WHAT ARE THE RISKS WITH TAKING SUPPLEMENTS?

Players who take sports nutrition supplements to support their dietary needs may be at significant risk of inadvertently testing positive for a banned substance. Players are encouraged to seek expert advice before taking any products. Supplement companies are largely unregulated – meaning you may never know exactly what you are taking. Some products have been found to contain banned substances that are not listed on the label and there could be a banned substance in your supplement.

ASSESS THE NEED

The FA recommends that players should develop their diet, lifestyle and training before considering taking any supplements. You should assess the need for taking a particular supplement by consulting a registered nutritionist or your Club Doctor before taking it.

ASSESS THE RISK

If you decide to use supplements, then you need to make sure that you minimise the risk of testing positive from taking a contaminated supplement. See **www.informed-sport.com** which provides a testing and accreditation process for supplements and lists those products that have gone through the Informed Sport programme by batch number.*

**The FA accepts no liability for the contents of supplements approved by Informed-Sport or any other organisations. Strict liability applies and players may incur a ban as a result of using a contaminated supplement.*

ASSESS THE CONSEQUENCES

If you test positive for a banned substance contained in a supplement you could face up to a four-year suspension from football for a first offence.

“YOU ARE RESPONSIBLE FOR EVERYTHING IN YOUR BODY AT ALL TIMES – IGNORANCE IS NOT A DEFENCE. A POSITIVE TEST DUE TO A CONTAMINATED SUPPLEMENT CAN LEAD TO A SIGNIFICANT PERIOD OF SUSPENSION”.

CANNABIDIOL (CBD) PRODUCTS

There are a growing number of cannabidiol (CBD) products that can be purchased in forms such as oils, extracts, vape and e-liquids. CBD is one of around 110 known cannabinoids produced by the cannabis plant. It has a different chemical structure to THC, which is the psychoactive compound that illicit drug users use to get “high”. CBD does not have this effect. CBD is not currently listed on the World Anti-Doping Agency’s Prohibited List. As a result, it is permitted to use in sport. However, despite the permitted status of CBD, Players must still consider the risk of inadvertently ingesting a CBD product that either has a higher THC concentration than expected or contains another cannabinoid that is prohibited in sport through contamination.

The use of any CBD product is at the Player’s own risk. To view the UK Anti-Doping Athlete advisory note regarding CBD products visit:
www.ukad.org.uk/cannabidiol-cbd.

WHAT DO I NEED TO REMEMBER ABOUT WHEREABOUTS? (PREMIER LEAGUE AND ENGLISH FOOTBALL LEAGUE)

All Players in the Premier League and English Football League (EFL) need to be aware of their Whereabouts requirements.

If you are not going to be at a training session or are leaving early or arriving late, you must notify The FA.

REMEMBER:

1. If you are missing training or arriving late, notify The FA in advance of the training session.
2. If you are finishing training early notify The FA before you leave, clearly stating that you are leaving early.
3. When notifying The FA you must provide your;
 - a. full name,
 - b. your Club,
 - c. an address, including a postcode, and
 - d. a one-hour time slot when you are available for testing (at the address).
4. The time slot must be at least two hours after you have notified The FA of your absence and must be between the hours of 0600 – 2300 e.g. if you notify The FA at 9am then the earliest your one-hour time slot can start is 11am.
5. Make sure you are present at the address stated for the full hour.
6. If you are participating in Club activity at a different venue to that of the scheduled Club training session, you must notify The FA, preferably in advance of the training session and in any event before you leave the original venue (if applicable) to relocate, stating your alternative training venue and time.

PLAYER TIPS

- Submit Whereabouts information ahead of the submission deadline e.g. the day before your scheduled training session if you know you will be absent.
- If you are going to be absent from training for a long period of time, notify The FA and submit a consistent one (1) hour testing time slot together with a location for the defined period of your absence.

IF YOU DO NOT ADHERE TO THE WHEREABOUTS REQUIREMENTS, YOU MAY INCUR A MISSED TEST STRIKE. IF YOU GET THREE MISSED TEST STRIKES WITHIN A 12-MONTH ROLLING PERIOD, YOU ARE LIKELY TO BE SUSPENDED FROM FOOTBALL FOR AT LEAST 12 MONTHS.

YOU CAN BE TESTED AT ANYTIME AND ANYWHERE, REGARDLESS OF WHETHER YOU HAVE BEEN ABSENT FROM TRAINING THAT DAY. THIS INCLUDES BEING TESTED AT HOME AT ANY TIME. CLUBS ARE REQUIRED TO PROVIDE THE FA WITH A LIST OF ADDRESSES WHERE EACH OF THEIR PLAYERS REGULARLY RESIDES.

WHO DO I CONTACT IF I WANT TO REPORT DOPING IN FOOTBALL?

Protecting clean sport depends on everyone playing their part. Speak out if you feel something's wrong - no matter how small. There are four ways for you to speak out. You can share your concerns via email pys@reportdoping.com, online (search: Protect Your Sport) or by phone 08000 32 23 32.

If you would rather contact The FA directly, please email anti-doping@TheFA.com.

SOCIAL DRUG REGULATIONS

In addition to anti-doping testing, The FA also conducts a social drug testing programme.

As a reminder, The FA's social drug testing programme is run completely separately to the anti-doping programme.

Testing will be conducted by an external agency with an FA Supervising Officer present to help facilitate the smooth running of the process.

'Social drugs' including cocaine, ecstasy (MDMA), Ketamine and cannabis are banned by The FA at all times. A positive test for a social drug on a non-match day (i.e. at training) is a breach of The FA Social Drugs Regulations and may lead to a fine (for a first offence). However, refusing or failing to provide a sample and complete the test may result in a 4-12 month suspension.

SOCIAL DRUG TESTING

- The testing procedures will vary from those undertaken as part of the anti-doping programme, with hair and/or urine and/or any other suitable biological material being collected. Please note you do not get to decide which type of sample to provide.
- Players are obliged to undergo a social drugs test. Please do not refuse or evade a social drugs test as this may lead to a long-term suspension from the game.

WHAT ARE THE SANCTIONS FOR SOCIAL DRUGS?

- For a first offence a Player will receive a warning, fine and have to undergo a mandatory course of education and/or counselling/treatment.
- For a second or subsequent breach a Player will receive a three-month period of suspension, reduced to one month if the Player agrees to complete a course of education and/or counselling/treatment.
- For refusing to be tested or evading sample collection a suspension in the range of 4 to 12 months will be imposed.
- For full details on sanctions please see The FA Social Drugs Regulations.

FOOTBALL AGENTS

WHAT DO I NEED TO KNOW ABOUT FOOTBALL AGENTS?

You do not need to use a Football Agent to represent you, but if you do choose to use one they must be registered with The FA. You can check if an Agent is registered on [TheFA.com](https://www.thefa.com) and/or by requesting to see their [Digital ID](#).

If you have entered into an exclusive Representation Agreement with an FA Registered Football Agent, you should not sign another agreement with a different FA Registered Football Agent.

You cannot be represented by an FA Registered Football Agent before 1 September in the Academic Year (which runs from 1st September to 31st August (inclusive) of your 16th birthday and an FA Registered Football Agent can only receive a service fee when providing services in respect of a professional contract (and not until that contract comes into force).

FA Registered Football Agents who wish to represent Players under the age of 18 also need to receive additional authorisation from The FA. It is against the relevant regulations for someone who does not have that authorisation to represent you if you are under 18. The FA Agent list and the Agent's Digital ID will show if they are permitted to work with Players under 18. An FA Registered Football Agent cannot contact you before your 18th birthday without the written permission of your legal guardian. Your legal guardian must also provide signed consent if you choose to sign a Representation Agreement with an FA Registered Football Agent.

You must have a Representation Agreement with your FA Registered Football Agent. Ensure that you are given a copy of that agreement and that it is signed by the Registered Football Agent and dated. You should check the terms of the agreement closely and seek legal advice if required. The agreement with your Registered Football Agent can only last for a maximum of 2 years. This term may only be extended by entering into a new Representation Agreement.

At the time of completing a Transaction, such as a new contract, permanent transfer or loan, you will be required to sign a declaration form known as an AF1 Form. You must ensure that all information on this form is accurate before you sign as you may be held liable for any information that is not accurate.

The FA Registered Football Agent must provide you with an Annual Return detailing all payments they have received in respect of services provided to you within 30 days of the 30 June each year.

Players and Coaches are prohibited from have an interest in any affairs of a Football Agent or their Agency.

IF YOU HAVE ANY QUESTIONS REGARDING FOOTBALL AGENTS, PLEASE EMAIL FOOTBALLAGENTSQUERIES@THEFA.COM. FOR MORE INFORMATION, VISIT [WWW.THEFA.COM/FOOTBALLAGENTS](https://www.thefa.com/footballagents).

GOVERNING BODY ENDORSEMENTS

To receive a GBE the individual must meet the requirements of the relevant criteria.

The latest GBE Criteria can be found on [TheFA.Com](https://www.thefa.com).

BETTING RELATED INTEGRITY

WHAT ARE THE BETTING RULES?

You are not permitted to bet on any aspect of any football worldwide – this includes bets on any match or competition, events within a match or competition, or on any other football matter (such as next manager markets or transfers). Remember that events in the technical area are considered part of a match and that betting on novelty markets connected to a game is also prohibited.

You are not permitted to ask or instruct someone else to place any of the above bets on your behalf.

The rule applies to bets made in person, on the telephone, online or even with friends.

Betting operators are obliged to report any bets made in breach of FA Rules to The FA and the Gambling Commission. They can also search your betting history.

Players are not allowed to be involved in TV/Radio adverts for betting companies which encourage betting on football markets. Players should seek advice before being involved in any kind of betting adverts other than shirt sponsorship.

Sporting Chance offers help and support to Players dealing with betting and addiction issues and can be contacted at info@sportingchanceclinic.com.

WHY DO I NEED TO BE CAREFUL WITH SHARING INSIDE INFORMATION?

Inside information is information that you are aware of due to your position in the game, which is not publicly available – for example, this may include injury or team selection news.

You are not allowed to pass inside information on to someone else which they then use for betting.

You can be considered to have passed inside information by any means, e.g. word of mouth, text or other instant message, email, writing or social media postings.

WHAT IF I AM APPROACHED TO FIX A MATCH?

Fixing is arranging in advance the result or conduct of a match or competition, or any event within a match or competition (i.e. spot-fixing), this may include conduct within the technical area.

Fixing is prohibited and is treated extremely seriously.

In addition, offering or accepting (or even just agreeing to offer or accept) any reward or bribe related in any way to influencing the result or conduct of a match or competition or any event within a match or competition is similarly banned and serious.

If you attempt to fix, you are likely to get caught and be charged by The FA.

If found proven, this is likely to lead to a significant suspension, and in some instances, a lifetime ban. Fixing offences may also be subject to criminal investigation and prosecution.

HOW DO I REPORT A MATCH/SPOT FIXING APPROACH?

If you are approached to fix or suspect that a colleague or someone you know has been approached to fix or is involved in fixing, then you must report it to The FA immediately on the phone number or email below.

FAILURE TO REPORT ANY SUCH INFORMATION MAY RESULT IN AN FA CHARGE AGAINST YOU.

OFFENCES COMMITTED IN OTHER SPORTS

The FA may take disciplinary action against you if you are found by another sport's disciplinary body to have committed a betting or fixing or related offence under the rules of that other sport.

These are examples of where charges may be brought. The above can also include repeated negative and/or inflammatory comments in respect of the performance of a Match Official.

DISCRIMINATION

WHAT IS DISCRIMINATORY ABUSE?

DISCRIMINATORY ABUSE INCLUDES A REFERENCE WHETHER EXPRESS OR IMPLIED TO ANY ONE OR MORE OF THE FOLLOWING:

- Ethnic origin
- Colour
- Race
- Nationality
- Religion or belief
- Sex
- Gender
- Gender reassignment
- Sexual orientation
- Disability

CAN I BE CHARGED FOR MESSAGES SENT IN PRIVATE OR OUTSIDE OF A FOOTBALL ENVIRONMENT?

Players should be aware that discriminatory language or content may result in disciplinary action even if shared in a 'private' message – For example, via text, email, private social media account or WhatsApp message. The FA may also take action for discriminatory language or behaviour that occurs outside of a football context – for example, using discriminatory language during a night out. In addition, any Club or Participant must report any allegations or reported discrimination within a Club, whether or not it is being dealt with by way of internal process, employment tribunal or otherwise.

WHAT SHOULD I DO IF I SEE OR HEAR DISCRIMINATORY ABUSE?

IF YOU OR ANOTHER PLAYER IS SUBJECT TO DISCRIMINATORY ABUSE AT A GAME BY EITHER THE CROWD OR ANOTHER PARTICIPANT, REPORT IT TO A MATCH OFFICIAL AS SOON AS POSSIBLE AND FOLLOW THE MATCHDAY PROTOCOLS BELOW:

DISCRIMINATION BY SUPPORTERS

- The incident should in the first instance be brought to the attention of the Referee.
- The Referee should report the incident to the home club's safety officer (or responsible home club representative) and police via the Fourth Official. (If there is no Fourth Official appointed the Referee should stop play and report the incident to a member of the home club's safety management and note the incident with an assistant Referee).
- The police and safety officer should seek to identify the person/people responsible and take appropriate action while the match continues.
- If, within an amount of time agreed by the safety officer and Referee, the problem continues, the Referee (in consultation with the police and safety officer/home club representative) may remove the players from the field and suspend the match, allowing the police and safety officer/home club representative a further opportunity to deal with the problem.
- If the matter cannot be dealt with satisfactorily and the welfare of any Participants, in terms of the threat of continued abuse, remains at risk, the Referee should consider abandoning the match.
- Any decision to suspend or abandon a match should be taken by the Referee after full consultation with the police, safety officer and (dependent on fixture) either the
 - Premier League match Centre; or
 - EFL Football Services Department or Duty Director; or
 - Home club representative, and after consultation with the team managers and captains

Where no police are present in the stadium, the initial decision-making responsibility belongs to the safety officer, including informing the police. Where the safety officer or police are not present initial decision making responsibility should be made in consultation between the Referee and home club representative.

If participating in an UEFA match, they have a slightly different 3 step protocol – visit UEFA.Com for further information.

In cases where there is clear evidence of mass discriminatory chanting by a Club's supporters within a stadium (i.e. not one or two individual supporters) then formal disciplinary action will be taken.

In circumstances where The FA becomes aware of an individual supporter (or a small number of individuals) directing discriminatory abuse within a stadium, The FA will investigate the steps taken by the Club to deal with the abuse to determine whether formal disciplinary action is taken.

DISCRIMINATION BY PARTICIPANTS

- The incident should in the first instance be brought to the attention of the Referee as soon as possible.
- The Referee will make full notes of any discussions as soon as possible.
- Match Officials may become aware of incidents which they themselves have not witnessed during the course of a game. If this occurs the Referee should ensure that full notes of the incident are made at the time. Again, this may involve using the communication system to ensure that the Fourth Official has a complete record of the words used.
- Shortly after the conclusion of the game the Referee should then invite the person who made the allegation, accompanied by a member of their club, into the Referee's changing room. The Referee should confirm with the player the exact words used in the allegation so that there is certainty on exactly what is being reported.
- Following this meeting the Referee should then invite the person who is the subject of the allegation, again accompanied by a member of their club, into the changing room. The Referee should advise this player of the nature of the allegation. If the player makes any comments these should be recorded.
- An extraordinary incident report is then submitted to The FA for investigation.

The Standard Sanction for an offence of on-field discriminatory abuse for a Participant (for example, a player towards another player) **will be 10 matches**. This may increase or decrease depending on mitigating or aggravating factors, but a minimum suspension of **6 matches** will be imposed and include mandatory education, plus a possible fine. A sanction in excess of 12 matches may be imposed in circumstances where aggravating factors of significant number or weight are present.

In certain circumstances a match-based suspension is not appropriate and a time-based suspension will be imposed instead.

Second or further offences will be treated with the utmost seriousness.

WHAT OTHER WAYS CAN I REPORT DISCRIMINATION?

WHAT IF I RECEIVE DISCRIMINATORY ABUSE ON SOCIAL MEDIA?

If you see a post on social media that you believe is discriminatory, you can report it to the site or platform where it was posted. All platforms have designated teams who review reports and make decisions on removing posts. It is also advised that you should report it to your club and/or league as well.

SAFEGUARDING CHILDREN

HOW SHOULD I HELP SAFEGUARD CHILDREN IN FOOTBALL?

Children and young people (under 18's) naturally look up to professional players; as such how you behave has a powerful influence and impact.

You may come into contact with under 18's in lots of different ways; as players, fans, via school or hospital visits, community programmes or socially in pubs and clubs.

It is everyone's responsibility to safeguard children and young people, both on and off the pitch. It is important that you are alert to not putting a child or young person or yourselves at risk.

The FA investigates all safeguarding concerns, which depending on the nature of the concerns, could involve the Club, the league, the police and local authorities.

To safeguard yourself and under 18's, ensure you are accompanied on personal appearances and that you are aware of personal contact with under 18's – e.g. when shirt signing, using social media and posing for photos.

DO NOT:

- Give out your contact details on social networking sites.
- Accept under 18's as a 'friend' on your personal social media site, or engage in communications.
- Be left on your own with fans who are under 18.
- Drink alcohol before or during work or at an appearance with under 18's.
- Make sexually suggestive comments or actions to under 18's face to face or via text, phone, computer or social media – even in fun.
- Touch children inappropriately.
- Use foul or discriminatory language or make abusive gestures.
- Give personal gifts to under 18.

If you have any questions or concerns regarding safeguarding, please speak to your Club Designated Safeguarding Officer or contact safeguarding.children@TheFA.com.
