

20 - THIRD PARTY INTEREST IN PLAYERS REGULATIONS

PREAMBLE

These Regulations are made in accordance with the Rules of The Association and are binding on all Participants. These Regulations are founded on the principle that no party, other than a Club itself, should be placed in a position where it may be able to influence the manner in which a Club operates, its policies or the performance of its teams. The Association considers that a party holding an interest in the registration, federative, economic or similar rights of a Player may, as a consequence of that interest, have such ability. The purpose of these Regulations is to ensure that no such 'third party' interests are held in Players playing for Clubs.

Any breach of these Regulations shall be Misconduct and shall be dealt with in accordance with the Rules of The Association and shall be determined by a Regulatory Commission of The Association. All other decisions by The Association pursuant to these Regulations shall be made by or under the delegated authority of the Football Regulatory Authority and shall be made at its absolute discretion.

In dealing with any issue under these Regulations, regard shall be given to the substance of any dealings or arrangements and not just their legal form.

Definitions are set out in Rule A, Appendix I of The Association's Regulations on Working with Intermediaries and Section E of these Regulations.
