

REUSE, RECYCLE, REDUCE QUIZ

Draw a line to link the word to its description

Reuse

This is when items are remade into either the same kind of thing or something new. Making new items from used ones takes less energy and fewer resources than making products from brand new materials.

Give an example:

Recycle

This is where less of something is used; this results in a smaller amount of waste.

Give an example:

Reduce

This is when materials are used again in their original form instead of being thrown away.
