DIGITAL COMMUNICATIONS – VIDEO CALLS

GUIDANCE FOR COACHES/MANAGERS

League/Club meetings are nowadays often conducted online. As a Club/League official it's really important to keep appropriate boundaries in your digital space.

Please ensure you continue to apply the principles of The FA's Grassroots Code and remember that as a League/Club official. You are in a position of trust to follow the procedures outlined below to help keep you and those you are supporting safe online.

Setting up

- Always work with groups, ensure you are inclusive when engaging with U18s;
- Wherever possible involve a second League/Club official;
- All online sessions involving U18s must be observable and interruptible;
- Where players are aged under 18, communications must go to parents/carers to accept or decline the player's participation.

- Are there any individual circumstances which may mean their involvement may not be possible? How might you ensure they still feel included as part of the League/Club or Team?

The environment when using video facilities

- The setting for the background should be in a neutral area, avoiding anything inappropriate being heard or seen. Some apps may offer customisation of avatars, usernames and customised virtual backgrounds. What you may use for personal use may be inappropriate to represent your League/club – so think about this and make any changes, before contacting anyone;
- Do not host the session from a bedroom or other rooms/spaces where changing or other activities which may compromise safeguarding of U18s could take place;
- The background must not be blurred or obscured;
- League/Club officials must wear appropriate clothing, as should anyone else in the household. Ideally other members of the household should not be in view when running your session(s).

Session content

- The purpose of the session and what it will involve must be clearly outlined to all involved prior to the call;
- Language must be professional and appropriate. Please ensure any family members or others in the background to also behave appropriately if it is not possible for them to be out of view, and for them not to be heard during the session;
- Online video calls should be held at a reasonable time of day and be for a sensible duration.
