JUDE'S ICE CREAM v • 3 per scoop

Britain's first carbon negative ice cream company - ask for today's selection of flavours **106 kcal** 🌱 **0.2 kg CO₂e**

BE CLIMATE SMART

We've partnered with sustainability experts Klimato to share the climate impact of our dishes. Choose dishes labelled with low CO₂e (carbon dioxide equivalents) to make more climate-friendly, low carbon choices.

Low: 0.1-0.5 kg CO₂e – Dishes with less than 0.5 kg CO₂e have a low climate impact and are in line with the UN's sustainability goals.

Medium: 0.6-1.5 kg CO₂e – The average UK meal in 2023 has 1.6 kg of CO₂e, so any dish less than this, but above 0.5 kg of CO₂e has a medium climate impact.

High: 1.6+ kg CO₂e – Any dish with over 1.6 kg of CO₂e has a high climate impact, as it is higher than the UK average today.
