FA Community Shield

Introduction by David Barber, FA Historian

Manchester United, Premier League champions for the 13th time, meet Wigan Athletic, FA Cup-winners for the first time, in the traditional season curtain-raiser at Wembley Stadium.

The match will be the 91st time the Shield has been contested. The only match ever to go to a replay was the very first - in 1908.

No club has a Shield pedigree like Manchester United. They were its first winners and have now clocked up a record 15 successes. They have shared the Shield an additional four times and have featured in a total of 28 contests. Wigan Athletic, by contrast, were a non-League club until 1978 and are playing the first Shield match in their 81-year history.

The FA Charity Shield, its name until 2002, evolved from the Sheriff of London Shield - an annual fixture between the leading professional and amateur clubs of the time. Manchester United, the Football League champions, met Queens Park Rangers, the Southern League champions, in the first FA Charity Shield match in 1908. It finished in a 1-1 draw at Stamford Bridge. United won the replay, also at Stamford Bridge, 4-0.

Three years later United were involved in what is still the highest-scoring Shield match, beating Swindon Town 8-4, again at the Bridge. Harold Halse, an England international, scored a double hat-trick.

United's next Shield success came at their own Old Trafford ground as they defeated Newcastle United 4-2 in 1952. Their other Shield wins came in 1956, 1957, 1983, 1993, 1994, 1996, 1997, 2003, 2007, 2008, 2010 and 2011.

United shared the Shield in 1965, 1967, 1977 and 1990. The '67 match, which resulted in a 3-3 draw at a packed Old Trafford, is particularly remembered for a goal by Spurs keeper Pat Jennings, whose kick from hands travelled the length of the field before bouncing over United counterpart Alex Stepney and into the net.

The FA Charity Shield became a more prestigious fixture after it was decided to move the fixture to Wembley as an annual curtain-raiser between the reigning Football League champions and FA Cup holders.

At the first of those, in 1974, a 67,000 crowd saw Liverpool edge Leeds United on penalties after a 1-1 draw. The record Shield attendance, which is unlikely ever to be beaten, is 98,000 at Everton v Liverpool in 1984. Everton beat their great Merseyside rivals 1-0.

Wigan Athletic return to Wembley three months to the day after they lifted The FA Cup after Ben Watson's extra-time goal won The Final against Manchester City.

The Latics are no strangers to the national stadium, having appeared here in FA Trophy, Football League Trophy and Football League Play-Off Finals. Their Football League Cup Final with Manchester United in 2006, which United won 4-0, was played at Cardiff's Millennium Stadium.

FA Community Shield

Background

Manchester United v Wigan fact file

- This year's Community Shield game will be first time a club outside the top division features in the fixture since 1980 (West Ham United)
- There have been 18 goals scored in the past four FA Community Shield games during 'normal' time
- Manchester United have won two and lost none of their past five matches in regular time, winning two by way of a penalty shoot-out (against Chelsea in 2007 and Portsmouth in 2008) and losing one (to Chelsea in 2009)
- The Premier League champions have scored eight goals in their past three appearances in the Shield
- Five of the past six matches have featured the team who went on to win the Premier League title in that season
- There has not been a penalty shootout to determine a winner in the past three Community Shield fixtures - prior to that it was needed in three consecutive years
- This match marks the first time Wigan Athletic have appeared in the Community Shield
- In the past four Community Shield games, 13 goals were scored in the second half with only five netted in the first 45 minutes
- Manchester United have been involved in more penalty shootouts in the Community Shield than any other team (six)
- Eight of the past 11 Shield matches have been won by sides that had won the Premier League in the previous season
- Including this match, United have appeared in six of the past seven Community Shield games.
- 17 cards have been shown in the past two Community Shield games (16 yellow and one red to Branislav Ivanovic of Chelsea in 2012)
- Wigan Athletic have beaten Manchester United only once in 17 attempts (in all competitions); losing the other 16
- Manchester United won both league meetings between the sides last season, scoring eight goals and keeping two clean sheets
- Only nine cards have been shown over the course of the past three meetings involving these teams

Shield background

- In the Premier League era, 14 of the 21 Community Shields have been won by the previous season's title winners with nine won by the reigning FA Cup champions (note this includes double winners in both categories)
- The lowest a team has ever finished in the top-flight having won the Community Shield is 21st (Manchester City in 1937/38)
- Ipswich and Queens Park Rangers (both twice) are the only teams to have played in more than one Charity/Community Shield but never won it
- Of teams to have qualified for this game more than once, Everton have the best win rate. The Toffees have won nine of their 11 Charity/Community Shields (82%)
- The biggest victory recorded in this game came back in 1913, when the Professionals beat the Amateurs 7-2. In the modern era, this record is held by Manchester City, who beat West Bromwich Albion 6-1 in 1968/69
- Manchester United's 8-4 victory over Swindon in 1911/12 remains the Charity/Community Shield game with the most goals
- Eric Cantona is the last player to score a hat-trick in the Charity/Community Shield. The Frenchman netted a treble for Leeds in a 4-3 victory over Liverpool in 1992/93
- There have been seven penalty shootouts in the Charity/Community Shield and six have involved Manchester United. The Red Devils have won five and lost one (to Chelsea). The other involved Liverpool beating Leeds in 1974/75.
